## "Big Energy"

Uh

Got that real big energy

Hey daddy

When you gon' stop playing?

Bad bitch, I could be your fantasy

I can tell you got big dick energy

It ain't too many niggas that can handle me

But I might let you try it off the Hennessy

Make 'em sing to this pussy like a melody

And if your bitch ain't right, I got the remedy

It ain't too many niggas that can handle me

Bad bitch, I could be your fantasy

Tell me how you want it

Three, two, one and I'm on it

Feel good, don't it?

Hood bitch, fuck you in a bonnet

I'ma bust it on the pole like Onyx

I'm just being honest

Pussy juicy, Minute Maid

But can't do it one minute, man

Not a side or a main, I'm the only bitch he entertain

Spending his, mine in the bank (in the bank)

I like what I see

A boss like you need a boss like me

Daddy from the streets, so he move low-key

Tryna rock that mic' like karaoke

On the count of three, bad bitches get money (get money)

Broke niggas to the left, we 'on't want it (we 'on't want it)

I'm the one you bitches hate, but they can't get past

Pretty face, no waist, and a big ol' ass, ha

Bad bitch, I could be your fantasy

I can tell you got big dick energy

It ain't too many niggas that can handle me

But I might let you try it off the Hennessy

Make 'em sing to this pussy like a melody

And if your bitch ain't right, I got the remedy

It ain't too many niggas that can handle me

Bad bitch, I could be your fantasy

Got that real big energy

Got that big big energy (big big energy)

Got that real big energy

Got that big big energy (big big energy)

Yeah, tell me how you want it

Three, two, one, camera rolling

Do it slow motion

Real bitch, them other hoes phoney

All that big talk, Latto put 'em on it

I'm just being honest, lingerie Dolce

Blindfold, tie me to the bed while we role-play

Can't skip foreplay, kill the pussy, cold case

I'm a boss bitch, but tonight, we do it your way

On the count of three, bad bitches get money (get money)

Broke niggas to the left, we 'on't want it (hell nah)

If you ever see me broke, I'm prolly rocking a cast

Pretty face, no waist, with a big ol' bag, ha

Bad bitch, I could be your fantasy

I can tell you got big dick energy

It ain't too many niggas that can handle me

But I might let you try it off the Hennessy

Make 'em sing to this pussy like a melody

And if your bitch ain't right, I got the remedy

It ain't too many niggas that can handle me

Bad bitch, I could be your fantasy

Got that real big energy

Got that big big energy (big big energy, yuh)

Got that real big energy

Got that big big energy (big big energy, ayy)
