"Cash In Cash Out"

Cash in, cash out, cash in, cash out
Cash in, cash out, cash in, cash out
Cash out, cash out, cash out, cash out
Cash out, cash out, cash out, cash out
Cash in, cash out, cash in, cash out
Cash in, cash out, cash in, cash out
Cash out, cash out, cash out, cash out (21)
Riding in the car with no keys (straight up)
Louis V shirt with no sleeves (on God)
Slaughter gang, nigga, I'm rep'ing (21)
Chopper get to preaching, I'm the reverend (21)
Call him New Era, he capping (yeah)
Them the type of niggas I ain't dapping (on God)
When I book a show, make my backend cashing
21, Uncle Sam, dawg, I'm taxing

Riding in the coupe and it's a sport (yeah)
My bodyguard look like a horse (straight up)
She gon' suck me up like it's a chore (on God)
Took the La Ferrari on a tour (21)
Buy a Richard Mill' when I get bored (bored)
Put my sidepiece inside a Porsche (a Porsche)
Money turned me to a asshole
I ain't gon' lie, I was used to being poor (21)
I put Chanel on my feet
A European model got Chanel on my seats
Put me in a third-world country in the middle of the slums
I'ma turn it to a million-dollar street (oh, for real)
Pharrell made this, so it's a million-dollar beat (straight up)
V12 VVS, I fell in love with heat (straight up)
Walk in your section, you ain't rep'ing 'bout nothing
My invoice gon' be a million-dollar fee (on God)
Hop in a Bentley and slide (and what?)
Reach for my chain and you die (say what?)
You know my method, I'ma turn your shirt red, man
Then see your ass out high (on God)
Mama got a Benz, she smiled (21)
Then she got a house, she cried (21)
Nigga took the stand, he lied

Hell court in the streets and they gave his ass lies (goddamn)

I'm getting bigger and bigger (and what?)

Your pockets littler than little (21)

Put a hundred bands on your head

Now they jumping up and down playing monkey in the middle

She swallow all my kids, she a bad babysitter

Kim Jong-Un, in my pants is a missile

Friend of the family, I hit all the sisters

The mama love me, so she hit all my pistols (straight up)

Cash in, cash out, cash in, cash out

Cash in, cash out, cash in, cash out

Cash out, cash out, cash out, cash out

Cash out, cash out, cash out, cash out

Cash in, cash out, cash in, cash out

Cash in, cash out, cash in, cash out (it's bunny hop, nigga)

Cash out, cash out, cash out, cash out (let me tell these niggas real quick)

Nah, I ain't heard of that

I hit the beach in a furry hat

She got a guy but she purring back

I'm looking like, "Where he at?"

Nigga, get out the way (way), that girl my hay (hey)

Rock on my hand, nah, this ain't Dwayne (hey, hey)

This shit neon yellow like pee on it (hey, hey)

On both sides, yeah, you could say I'm beyond it (hey, hey)
Got whips like slaves, the garage like, "Yee-haw"
Horses, more car keys than a piano
And one came with an umbrella like Rihanna
Nigga, let's be honest (um), be honest
Track needed life, nigga, so they put me on it (yeah, yeah)
Nigga, you don't be on who be on and two (yeah)
I got three kids, I think he just might put a sheet on it (yeah, yeah)
Ice so white, motherfucker, you could ski on it (switch it up)
Any stone I'm in, no less than six digits (yo, what up, stoner?)
Peep through the wolves, right-side, I sit in (come on man)
Tick go the watch, it came with a dent in it (come again)
And skrrt on a plane, just me and my bitch in it (yo)
Just know it's big business
Hands stay full with them racks like hit tennis (woo)
And no money phone, the account go get interest
Aw (aw), you got that backing from the backdoor
I got off of two-point-five from the last show (last show, nigga)
I declined 'cause the stage didn't match my ethos
(Hmm) they know that I'm sick with it
Quit playing with you, hundo (ooh)
Me, I don't like violence but the guns do (ooh)
'Cause that gorilla right there, he gon' hunt you (ooh)

While me and my bitch counting stars out the sunroof (ooh)
And if you wanna flick up, I don't want to (ooh)
And if you say "No cap, " I ain't trust you (ooh)
Nigga, I'm the headline, you a plus one (ooh)
I got some brand new thoughts
And a new silk scarf, and my bitch do too (too)
Double R talk and I got like two (two)
Turbo on that bitch and it hit like zoom (zoom)
In the mirror, who that nigga? I'm like you (you)
Any time I do something, motherfuckers like, "Woof, woof"
Cash in, cash out, cash in, cash out
Cash in, cash out, cash in, cash out (bunny hop, bitch)
Cash out, cash out, cash out, cash out (Baudelaire, quit fucking playing with
me)
Cash out, cash out, cash out, cash out (I'll buy one of you niggas)
Cash in, cash out, cash in, cash out
Cash in, cash out, cash in, cash out
Cash out, cash out, cash out, cash out (21, 21)
