"Here I Come"

Here I come, here I come

Here I come, here I come, here I come

Still ain't got a hundred bands (run it up)

Still gon' rap some circles 'round these niggas 'bout the runnin' man (run it
up)

Bitches pussy, I don't understand (I don't understand)

Tryna reflect my moves and all, the stupid bitches need another plan

I'm feelin' like Henny, feelin' like 'Migos, no kizzy (I feel like)

I'm feelin' like Nia Long with the blue blouse from Tiffany (I'm feelin' like)

Instead of you worryin' about me, go keep busy (uh-huh)

Sometimes I like my nigga, then I don't, these bitches iffy (sorry, baby)

Do somethin' to make me feel good

Do somethin' to make me feel good (uh)

Do somethin' to make me feel good (hey, baby)

Yeah

Do somethin' to make me feel good (uh, uh, uh, uh, uh)

Here I come (here I come), here I come (here I come), here I come (here I
come)

Here I come (here I come), here I come (here I come), here I come (here I
come)

Lower your tone when you talk to me, keep it sexy (shh)

I'm overratin' on these bitches, who gon' check me?

You know I got the grrah, keep it sexy (I got that, uh)

It don't take long for you to give up on that becky

Hottest in the spot, keep them flames on me

I'm worth a couple carats with no cakes on me

He MJ in this 'ussy, put six rings on it

Made him spend that check, then I bro's on him

Should be a series, my body causin' a scene

These niggas jokes is too mini, call 'em a meme

He ride that dirty, that dirty sport in the V

If he ever ask me for some pussy, better say please

Do somethin' to make me feel good

Do somethin' to make me feel good (uh)

Do somethin' to make me feel good (hey, baby)

Yeah

Do somethin' to make me feel good (uh, uh, uh, uh, uh)

Here I come (here I come), here I come (here I come), here I come (here I
come)

Here I come (here I come), here I come (here I come), here I come (here I
come)
