"I'm Not Here To Make Friends"

If you can't love yourself

How in the hell you gon' love somebody else?

Can I get a amen in here?

You gotta, you gotta ask me

Yeah, I'm goin' to the party

But I'm not goin' to make friends

I need a lover

Everybody's looking for somebody

For somebody to take home

I'm not the exception

I'm a blessing of a body to love on

If you want it bad tonight (Ooh, ooh)

Come by me and drop a line (Ooh, ooh-oo)

Put your aura into mine (Ooh, ooh-oo)

Don't be scared if you like it

I could fill you up with life (Ooh, ooh)

I could ease your appetite (Ooh, ooh-oo)

Know you've never been this high (Ooh, ooh-oo)

Don't be scared if you like it

'Cause I'm not here to make friends

No, I'm not here to make friends (Yeah)

'Cause I'm not here to make friends

I need a lover (I need a lover)

I need a lover (I need a lover)

I'm just being honest, baby

I just need a partner when the lights come on

(When the lights come on) Yeah, yeah

Thirty almost got me and I'm so over love songs, yeah

So if you want it bad tonight (Ooh, ooh)

Come by me and drop a line (Ooh, ooh-oo)

Though you've never been this high (Ooh, ooh-oo)

Don't be scared if you like it

'Cause I'm not here to make friends
No, I'm not here to make friends (Yeah)

'Cause I'm not here to make friends

I need a lover (I need a lover)

I need a lover (I need a lover)

I need a la-la-la-la-la-la-la-la-la-la

I need a la-la-la-la-la-la-la-la-la-la

I need a la-la-la-la-la-la-la-la-la-la

I need a lover (I need a lover)

I need a lover (I need a lover)

Everybody's looking for somebody

For somebody to take home

I'm not the exception

I'm a blessing of a body to love on

'Cause I'm not here to make friends

No, I'm not here to make friends

'Cause I'm not here to make friends

I need a lover (I need a lover)

I need a lover (I need a lover)

I need a la-la-la-la-la-la-la-la-la

I need a la-la-la-la-la-la-la-la-la

I need a la-la-la-la-la-la-la-la-la

I need a lover, I need a lover

I need a la-la-la-la-la-la-la-la-la

I need a la-la-la-la-la-la-la-la-la

I need a la-la-la-la-la-la-la-la-la

I need a lover (I need a lover)

I need a lover (I need a lover)
