## "JUNGLE"

Three or four days in the jungle

In the jungle

Been like three four days in the- jungle

Been like three or four days in the jungle

Face full of blood with the apes in the mud

Don't say what it was cuz it ain't what it was ho'

Yeah, bouta to fuck this bitch up

They gon fuck this bitch up

Been like three or four days in the jungle

Face full of blood with the apes in the mud

Don't say what it was cuz it ain't what it was ho'

Yeah, bouta to fuck this bitch up

They gon fuck this bitch up

Yeahhhhhh

Earth been a maze turf feeling strange  
Burn like a furnace and flame herb indic  
Worst in my permanent rage dirt's been the same  
Turning and turning away cursed to the grave  
In the land of the free and the home of the slave  
Where they try to keep another nigga soul in the cage  
No emotion to face like a stone mad of hate  
Plated gold so they know it ain't no playing safe  
Play a role it's a game play it close to the chain  
Only thing to keep us going is hope it's insane  
Im just tryn to make it out before I don't  
It's a shame how they treat you  
When they know that you the goat  
You get slain nigga

Been like three or four days in the jungle  
Face full of blood with the apes in the mud  
Don't say what it was cuz it ain't what it was ho'

Yeah, bouta to fuck this bitch up

They gon fuck this bitch up

Been like three or four days in the jungle  
Face full of blood with the apes in the mud  
Don't say what it was cuz it ain't what it was ho'

Yeah, bouta to fuck this bitch up

They gon fuck this bitch up

Yeah, yeah, yeah

What am I standing for

What am I planning what if my fans ignore it

What if I'm slandered for it what if I'm damaged

What if my panic flourished what if I can afford it

What if I snapped you what if I can't afford it

25 mandatory up in my lap what if my fam is warring

What if I'm trapped fuck am I famished for

Like bruh is that mandatory something a get jacked

Double right back and for as peel to my hands imported?

Cover my X color my canvas morbib

Upping my savage towards em I'm bucking em back

Gonna get to back to war and boy this just half the story

Someone said-

We wanna riot

Please start a fire

Gotta keep yall in line

Feast not ?

We wanted riders

Better bring all the lions

Been like three or four days in the jungle  
Face full of blood with the apes in the mud  
Don't say what it was cuz it ain't what it was ho'

Yeah, bouta to fuck this bitch up

They gon fuck this bitch up

Been like three or four days in the jungle  
Face full of blood with the apes in the mud  
Don't say what it was cuz it ain't what it was ho'

Yeah, bouta to fuck this bitch up

They gon fuck thi-

Three or four days in the jungle, in the jungle

Been like three or four days in the- jungle
