## "L\$D"

Double cup

Styrofoam pour it up

And she look bad in the Maybach truck

Bubble butt

Cost 10 lift it up

LSD tabs sticky stuff on her tongue

\$2, 500 yea we tax for the tuss

5% tint on the wind it's a must

Audemars Piguet on my wrist not much

Gotta couple back home and they picking up dust

Whole lotta rocks in the bust down

Went and copped 10 then I went and got

Psh, I'm up

Bad lil thottie came back to the crib wan eat me up

Back of the Bach she a slut

Pointers on us ain't picking up rust

Said she want love but the bitch want lust

Kam came home caught a body then he went got his hit money went and  
got rich like up

Damn

I be lookin like damn what the fuck?

We pull up in that i8, that Roadster, that Cullinan, we gon pop out in that  
truck

Blue tint windows I'm fuckin it up

Choppa on me I'm bussin it up

He had made lotta money then spent it on jewelry, now that lil boy outta  
luck

We gon put dat lil boy in a hearse

It's like \$25, 000 for a verse

Shit like \$25, 000 for her purse

Pull out \$25, 000 ima splurge

Bitch it's me, give a fuck what you heard

All this money came in it ain't hurt

Like it's London no Tipton
