"Plug Daughter 2"

She know I love her to death, you heard me?

I'm up in rank and I do this for real

You lil' bitty bitch and I'm still in the field, hey

I'm up in rank and I'm still in the field

The shit that I rap 'bout, it might get me killed

You rap what you hear and I rap what I live (ooh)

I'm fuckin' with the plug daughter, plug daughter, plug daughter

Hol' on, that's my plug callin', plug callin', plug callin'

Fuckin' with the plug daughter, plug daughter, plug daughter

My plug callin'

I'm fuckin' with the plug daughter (plug daughter, plug daughter)

I'm fuckin' with the plug daughter (plug daughter, plug daughter)

We get roadside assistance when we placin' orders (plug daughter, plug daughter)

Wrap the money up and then we send it cross the water (plug daughter, plug daughter)

I'm fuckin' with the plug daughter (plug daughter, plug daughter)

I'm fuckin' with the plug daughter (plug daughter, plug daughter)

I'm tied up with Diego, they treat me like family

And if I ever leave, boy, they gon' kill my family

In and out of jail, on the fences, I'm famous

Bitch, I'm a big gangsta, don't do no complainin'

That plane 'bout to land, we gon' meet at the hangar (a hunnid)

That metric ton load come in shipment containers

Now a lot of you ain't 'bout to know what I'm sayin'

Big hook outta Bogota got me a ankle

They fresh out the prison, talkin' 50-ton language

Lil' metric ton shawty, nickname, what they gave her

Now we out the country, ain't talkin' vacation

We runnin' with hitters who own business, dangerous

Straight out the dirt, I got mine out the floor

No recompressin', I know what they know

Numbers too high in Texas, don't go back and forth

Why play 'round with 'migo, I go where they go

My concierge sent a Colombian load

My jewish transporter gon' get it back home

Heavy surveillance, they watch from the drone

VPN trackin', I watch from the phone

Two million dollars for each of my look-alikes

I get indicted, they capture the clone

One of my people, he from Argentina
Shout out to him, he a hell of a teacher
Ten million dollars for my private doctor
I go on the run, reconstructin' my features
I'm fuckin' with the plug daughter (plug daughter, plug daughter)
I'm fuckin' with the plug daughter (plug daughter, plug daughter)
We get roadside assistance when we placin' orders (plug daughter, plug daughter)
Wrap the money up and then we send it cross the water (plug daughter, plug daughter)
I'm fuckin' with the plug daughter (plug daughter, plug daughter)
I'm fuckin' with the plug daughter (plug daughter, plug daughter)
I'm tied up with Diego, they treat me like family
And if I ever leave, boy, they gon' kill my family
Now this what I say 'bout to sound a lil' different
We put on a glove 'cause we touchin' too many
BreadWinner stamp on the pack of the chick
Fingerprints on the wrapper could come back and get you
This type of shit, I never envisioned (uh-huh)
From trappin' on corners to standin' in kitchens
The secret compartments, the new 18-wheelers
My big brother gave me the game, he official
We keepin' it G when you deal with a dealer

Or I call out if they can't supply in the city
We bought us a body shop, we in the buildin'
My satellite phone 'bout to bump on the hitter
I hit 'em two times then hang up, he gon' send it
A thousand 'em bitches, I'm payin' they tickets
Your name, date of birth, social flicks, and your children
You cannot do that, then we cannot do business
Come with addresses and places they live
Get a DA, ho, better see your credentials
Trackin' device on the back of the Civics
Get apprehended, bend down, do no snitchin'
Back up to Tahoe, they slide through Chicago
Whisper to one of my finest lieutenants
That bitch that you love in one push of a button
Her feet in the air, with a dent in her memory
I'm fuckin' with the plug daughter (plug daughter, plug daughter)
I'm fuckin' with the plug daughter (plug daughter, plug daughter)
We get roadside assistance when we placin' orders (plug daughter, plug
daughter)
Wrap the money up and then we send it cross the water (plug daughter, plug
daughter)
I'm fuckin' with the plug daughter (plug daughter, plug daughter)
I'm fuckin' with the plug daughter (plug daughter, plug daughter)

I'm tied up with Diego, they treat me like family
And if I ever leave, boy, they gon' kill my family

Hey

I couldn't see it no other way

I'm in love right now

I'ma take whatever come behind this here

I'm in love right now, yeah

Say, I'm posted in the trenches, and some shit I can't get out of
