## "STAR WALKIN"

Don't ever say it's over if I'm breathin'  
Racin' to the moonlight and I'm speedin'  
I'm headed to the stars, ready to go far  
I'm star walkin'

Don't ever say it's over if I'm breathin'  
Racin' to the moonlight and I'm speedin'  
I'm headed to the stars, ready to go far  
I'm star walkin'

On the mission to get high up  
I know that I'ma die reachin' for a life that I don't really need at all  
Never listened to replies, learned a lesson from the wise  
You should never take advice from a nigga that ain't try  
They said I wouldn't make it out alive  
They told me I would never see the rise  
That's why I gotta kill 'em every time (gotta watch'em bleed too)

Don't ever say it's over if I'm breathin'  
Racin' to the moonlight and I'm speedin'  
I'm headed to the stars, ready to go far  
I'm star walkin'

Don't ever say it's over if I'm breathin'  
Racin' to the moonlight and I'm speedin'  
I'm headed to the stars, ready to go far  
I'm star walkin'

Been that nigga since I came out my mama (woo)  
Thankin' God daddy never wore a condom (woo)  
Prove 'em wrong every time 'til it's normal  
Why worship legends when you know that you can join 'em? (Join 'em)  
These niggas don't like me, they don't like me  
Likely, they wanna fight me  
Come on, try it out, try me  
They put me down, but I never cried out  
Why me?  
Word from the wise  
Don't put worth inside a nigga that ain't try  
They said I wouldn't make it out alive  
They told me I would never see the rise  
That's why I gotta kill 'em every time (gotta watch'em bleed too)  
Don't ever say it's over if I'm breathin'

Racin' to the moonlight and I'm speedin'

I'm headed to the stars, ready to go far

I'm star walkin'

Don't ever say it's over if I'm breathin'

Racin' to the moonlight and I'm speedin'

I'm headed to the stars, ready to go far

I'm star walkin'

(Star walkin')

Don't ever say it's over if I'm breathin'

Racin' to the moonlight and I'm speedin'

I'm headed to the stars, ready to go far

I'm star walkin'
