"Swag on Point"

Yeah

(Just ask me)

I'm with a motherfuckin' treesh

I ain't even gon' lie, this shit live

(Lil' Treble made the beat, he only had to play it once)

Ain't no bubbly, I drink muddy

I just bought some new CELINE so your bitch wanna fuck me

She love me, won't cuff me, I know she my thug-me

I'm lusting, I'm rushing, this shit might get ugly

But as long as my swag on point, uh

AMBUSH on top of this ho, I'm off the hook (Oh, oh)

But as long as my swag on point, uh

Givenchy necklace got me flexin', say I'm sexy, she know not to try me

She want matchin' Fendi fits

If I tell her, "No," I know she just might have a bad bitch fit

I know that's that girl, show how she top, it get me on demon shit (She
know I'm up, wow)

Vlone want me in cologne, don't like me 'round her friends, she homey

Yeah, huh, I fucked up my nails, I need 'em redone by this morning (Yeah)

That's a lame, [?], she know that I'm country

Chrome to her heart just like Givenchy, I'm dressed down in Givenchy (Real
talk)

Smokin' on dope all the way to the morning

I got Perc's, I got sip

Got her stiff like a mummy

Fuck that girl so long 'til she say she cumming

Rock swag, told her, "Please be neat with my money"

Yeah, bro, huh, I got too much CELINE

Blatt, yeah, I got bitches makin' duwap for me

Wow, yeah, long as she keep my hair braided, I'm not showing one care,
now that's fair

Rick Owens, that bitch rare

Tell the opps the truth, I dare 'em

Keep a bitch with long hair, and a big ass for me to slam 'em

Drop of medicine in my Tropicana

Bad white bitch from Alabama

Join Elliot when I go clean my dental

They know we'll never stop playing with hammers

Yeah, fuck, I gotta move, pack on me (Yeah)

I'm just rockin' new supervillain shit, I'ma walk with some purple jeans
(Yeah)

Bought both bitches designer too, yeah (Yeah)

Huh, that's all me, Top

Ain't no bubbly, I drink muddy (I drink lean)

I just bought some new CELINE so your bitch wanna fuck me
She love me, won't cuff me, I know she my thug-me (She know she my
thug)

I'm lusting, I'm rushing, this shit might get ugly

But long as my swag on point, uh (But long as my swag on point)

AMBUSH on top of this ho, I'm off the hook (Oh, oh)

But as long as my swag on point, uh

Givenchy necklace got me flexin', say I'm sexy, she know not to try me
