## "Top Notch"

AXL (AXL)

Not nann' bitch in the world look like this (nann')

G5, hair wrapped up, pop an ice bottle of the Cris'

Bitch, I was really broke

Fuck, I look like tryna go and diss? (fuck I look like?)

Fuck I look like sendin' shots and not makin' every hit? (huh)

Bitches gettin' shit confused, go and check the news

Pussy real tight, got a good squish

Fat lips on it, got no lisp

Big AP on a small wrist

Coulda paid for it, but I'd rather him (yup)

Bitch, I'm on ten, keep the lights dim

Top notch bitch, rollin' from the M

Yeah, look, step in this door when I walk through the

She get wet when I talk to her (yeah)

Prolly just me and like four shooters  
Every bitch that I'm meetin', they all knew us (yeah)  
Every nigga you run with is all losers  
All this ice on my niggas, we all jewelers  
Buss a move and I'm orderin' more movers  
(Buss a move and I'm orderin' more movers)  
Ah, yeah, ha, woo woo, yeah, yeah, look  
I get the drill done (ha)  
You niggas gon' make me drill somethin'  
Another nigga dead and I don't feel nothin'  
(Brrt, bow) yeah, look  
My niggas will pull up and kill somethin'  
This is not a movie, this is real guns (nah)  
(This is not a movie, we got real guns)  
Hop in the V  
Go to the hood and the topic is me  
When I was down, I was broke but I told 'em  
I knew I'd be rich by the top of the week  
Niggas is talkin' 'bout we alike  
I'm like, nah, nigga, you just copyin' me  
Boy, I been outside for a long time (ayy, ayy)  
Pussy, you just got in the streets (City Girls shit, ah)  
Yeah

Say you gotta pay for this (nigga, fuck you thought)

Say you gotta pay for this

Ain't no free nuts

Nigga, betta get his cheese up

Suck the pussy like a freeze cup

Eat it while I hold my knees up (JT)

I just got my hair did, then shit on hoes like it's a hobby

Every bitch that hate on me got a ugly face and a botched body

I ain't goin' there, that's an opp party (nah)

I'm a bad bitch, I'm a Black Barbie (haha)

Any nigga I call bro, they fuck bitches and catch bodies

Ain't no more play time, they like cut the lights, it's daytime

I told my nigga he betta act right

'Cause to fuck with me, it's a wait line

Bitch, better move when I come through

Fine, short, thick, shit, I'm like 5'2" (ah)

Don't wanna kick it or I don't wanna be cool (ah, ah)

Beefin' with who, bitch? I don't know you

I don't cock block or cop pleas

I'm the baddest bitch on your newsfeed (ayy)

Y'all got spin, but who the news feed?

(Y'all got spin, but who the newsfeed?)

I'm in the sky box, you in the nose bleeds (damn)

Fly bitches need privacy  
Shy niggas say hi to me (hi)  
Broke boys say bye to me  
Period
