"Vaccine "

We give that nigga shots just like Johnson & Johnson
I rock Heron Preston 'cause, nigga, I'm a junky
I know it's hard to tell but I was broke before, I promise
All that free time got 'em lyin', but I'm too busy bein' honest, ayy
Panoramic, ayy, I know how to whip that
When she get in it, ayy, he can't get his bitch back
Soon as you don't acknowledge them, niggas go to switchin' sides
From a cell to a mansion like I'm Quagmire
DA, she ain't got no evidence so I ain't coppin' out
Opps be tryna talk it out, but it ain't shit to talk about
Niggas that I grew up with and love, they all jealous now
I miss 'em and I want them niggas 'round but they got too much pride
In and out of court, I had it hard, dawg
I wonder what happen when a star fall
Tryna boost your rank, don't wanna separate
I hope you don't turn, so let me illustrate

I hope I don't lose it but you know my life like a movie and I can't forget
about it

I'm still on probation and I hope the PO don't search my house, got too
many choppers

I gave her chances and chances, I gave her my life

But she was just in and out it

So she fucked it up for the rest of them hoes

Get a star and I treat her like anybody

Put that whip up in reverse and bring that bag out

I'm high, my pockets swole, I'm walkin' 'round with astronauts

Ain't no insurance on them shooters when they crashin'

This shit like vaccine

We give that nigga shots just like Johnson & Johnson

I rock Heron Preston 'cause, nigga, I'm a junky

I know it's hard to tell but I was broke before, I promise

All that free time got 'em lyin', but I'm too busy bein' honest, ayy

Panoramic, ayy, I know how to whip that

When she get in it, ayy, he can't get his bitch back

Soon as you don't acknowledge them, niggas go to switchin' sides

From a cell to a mansion like I'm Quagmire
