## "Voice of the Heroes"

TouchofTrent be wilding with it  
Missed out on my kid's life for a year and I gotta accept it  
Certain days niggas never came to my shows, and I felt neglected  
Growing up, seeing my uncle dying in his bed, that shit made me reckless  
Pouring up, and I ain't never sharing my meds, and I ain't being extra  
And I paid like two of my niggas bonds before I bought a necklace  
I done seen my brother stack his bricks up, and it look like Tetris  
Having real shootout up on the 'e-way, you can't miss your exit  
Told the bitch she can't hide the smell of my cologne, she gotta go change  
her panties  
Take care of your family and them kids 'cause I'm too big on family  
Fuck them fast cars, before that shawty and 'em was gon' slide in Camrys  
I'ma get my lawyer an extra dub because it come in handy  
Felt like I'ma vomit off this Perc' 'cause I don't take no  
Voice of the heroes

I'm the voice of the heroes

Voice of the heroes

Voice of the heroes

See, I'm the voice, Baby, he the hero

Baby, he the hero

I'm the voice, but Baby, he the hero

But Baby, he the hero

I wasn't even tryna be no idol

I put niggas on, and all of a sudden they feel entitled

Put the barbers on 'em, you only get this kit when you got a title

I'm exhausted, I been working shift-to-shift, but I keep fighting

Not my fault if I don't miss your likeness

And I'm still with Ced still

We the ones, for real, for real

I just got 200 for a walk through, I'll still drill

High-speed chases in a Dodge Stratus, I can still peel 'em

I be tryna put on a smile for 'em, but I don't really feel 'em

I just spent 350 on a Richard for the second time

I showed all my niggas in the trenches it's a better life

Never get too big for me to listen, I'll take your advice

I just told Durk, "We rich forever if we play it right"

Just keep on being the voice, I'll be the hero

And everything I got is a profit, started with zero

I can never turn my back on my apartment, that's where I come from

And I'm just getting started, relax, wait 'til I warm up

I done been to jail too many times, it feel like karma

Everywhere I sleep, I keep my stick, what I need an alarm for?

Police caught me in the cut, I had to walk out with my arms up

Ain't too big to pray last minute, I put my palms up

Yeah, flood my system with these Percies

Took the bitch to eat out at Thirteen, she was squirting

I just cashed out on my bitch, Celine to match her Birkin

All this shit these bitches texting me, just do it in person

Yeah, I might pop a half an Adderall, I don't like Percies

Put the phone on DND, I'm somewhere in her cervix

I just slimed a nigga out today, but it was worth it

I switch cars like bitches switch they purses

I slow down on features, I do verses if they worth it now

This shit done got deep and, let's be honest, we can't work it out

Peeped that lately you been acting funny, wonder what it's 'bout

This shit really in me, hope you never doubt it, on gang

Voice of the heroes

I'm the voice of the heroes

Voice of the heroes

Voice of the heroes

See, I'm the voice, Baby, he the hero

Baby, he the hero

I'm the voice, but Baby, he the hero

But Baby, he the hero
