"We Not Humping (Remix)"

I ain't got shit for a broke ass nigga

Ass too fat but my bag way bigger

Super slim waist

Give me yo face

Zip them pants up stupid ass nigga

Put that dick up we not humping

Sky zone bitch my block jumping

Jump out the black truck we start dumping

In the field with a hundred bands no trumpet

Main nigga just cut me off fuck it

Nigga stop talking just come suck it

When it's smoke bet the opps gone duck it

We kick smoke up they kick buckets

Break up with your bitch its over
Pretty bitch but it scary October
I'm not the bitch to play with I told her
When I get mad I lose my composure
Hoes don't want no smoke they want exposure
He want to eat it again just for closure
If he a slut I might let him come over
I'm all in his mouth like a goddamn molar
Full plate so I need me a Big meal
Oooh big boss so a bitch got Big bills
Big Benz back out with the Big wheels
BIG LEO I'm a Big deal
Put that dick up we not humping
Sky zone bitch my block jumping
Jump out the black truck we start dumping
In the field with a hundred bands no trumpet
Main nigga just cut me off fuck it
Nigga stop talking just come suck it
When it's smoke bet the opps gone duck it
We kick smoke up they kick buckets
Oooh he coming off way too pushy

I hope he don't think he was getting this pussy

Uhh he like his bitches psychotic

Sit on his face and explain why I'm toxic

How you talk shit but ain't backing it up

Yo pussy wack send it back to the club

I'm a boss bitch I can't argue with muts

Headed straight to the bank I been adding it up

Get rid of his I might get on, need a new nigga to shit on

Look at these bitches I can't take em serious

I'm on yo ass just in case you was curious (uh oh)

Bitch I hop out the bed with my mug on

And he a g he ain't something I can love on

Damn he talking about cuffing

He got to be stupid to think he was fucking

Ahhh haaaaa

Put that dick up we not humping

Sky zone bitch my block jumping

Jump out the black truck we start dumping

In the field with a hundred bands no trumpet

Main nigga just cut me off fuck it

Nigga stop talking just come suck it

When its smoke bet the opps gone duck it

We kick smoke up they kick buckets

Wake up Mr. I can't get hard

Wake up Mr. Lick everywhere but the fucking clit

Wake up Mr. I need a break after the first fucking round

Yall be weak in the knees

Stand up! Stand up!
