"What Would Push Do"

Kush God bitch, what the wait like?

Two-hunnid for the Ps with the [?]

I got a couple in the air on a straight flight

Brand new flow and you can get it for the base price

Bring the lab rats, see what it taste like

A1 product, get your cake right

They was ridin' dirty on the late night

Silly nigga got pulled over for a brake light

Stand up nigga, never ran, never fold

Know I'm heavy on a soul

But today we're selling bass

Bass (Nigga, what the lick be)

Today we're selling bass

Bass (Right, nigga, what the lick be)

Yeah

I remember I ain't had to have to scramble, uh

Now it's twenty-five hunnid for the flannels (Yeah)

Flippin' sixteens, that's my angle

That's a safe bet, I would take it on FanDuel (Thank you)

Give you samples on a sample (Uh)

Anytime I get a chance to how I handle

Let 'em chase the crumbs like Gretel and Hansel

I was on the rich like Max was on the Grand Cru

But today we're selling bass

Bass (Nigga, what the lick be)

Today we're selling bass

Bass (Nigga, what the lick be)

Bass

Bass

Bass

But today we're selling bass
