"Whole Lotta Ice"

Hey (whole lotta ice)

Hey, hey (whole lotta ice)

BigWalkDog (BigWalkDog)

Whole lotta ice

On some, y'all motherfuckers

(Pablo, you crazy for this one, ha-ha) hey

Ice on me hittin' (whole lotta ice)

Cartier piss (whole lotta ice)

In the dark, let it flick (whole lotta ice)

Baguette jump out the pendant (whole lotta ice)

Wafi did this (whole lotta ice)

Johnny don't miss (whole lotta ice)

Hold up your wrist (whole lotta ice)

Hold it like this (say, "Whole lotta ice")

Left wrist snow cone, water on both arms

Pendant 50, I ain't put the rope on (bling)

All white bricks with the coke on

Wafi told me, "This AP four-tone" (whole lotta ice)

You ain't seen brr like this in so long (brr)

So much ice, I feel like Frozone

Wrist won't unthaw when you blow on it

Custom piece on the way, it's a go on it (whole lotta ice)

Went to Wafi and I spent four O's on it

Know it came with a case, no bow on it

Wop put me in the game, I'ma score on it

In the dark, all my ice show, don't it? (Whole lotta ice)

Hit different when you put slo-mo' on it

If the chain don't hit, it's a no on it

If you reach for the chain, I'ma blow somethin' (boom)

What's your budget? WalkDog said, "No number" (whole lotta ice)

Ice on me hittin' (whole lotta ice)

Cartier piss (whole lotta ice)

In the dark, let it flick (whole lotta ice)

Baguette jump out the pendant (whole lotta ice)

Wafi did this (whole lotta ice)

Johnny don't miss (whole lotta ice)

Hold up your wrist (whole lotta ice)

Hold it like this (whole lotta ice)

Ice on me hittin' (whole lotta ice)
Cartier piss (whole lotta ice)
In the dark, let it flick (whole lotta ice)
Baguette jump out the pendant (whole lotta ice)
Wafi did this (whole lotta ice)
Johnny don't miss (whole lotta ice)
Hold up your wrist (whole lotta ice)
Hold it like this (whole lotta ice), hey
Hustlin' my ass off
Every day, I was knockin' them bags off
Tryna come up, I ain't really have much
Had to save what I get, let it add up
I was playin' the block, I ain't have sports
Gotta get you a watch if you want you a trophy
I was so focused, we had a run, if you know me, you noticed
Upgrade my jewelry, I hope that you notice me
New Richard Mille on, I paid four
How much the other watch? I don't even know
All of this shit, can't believe I was poor
Niggas watchin' me just to see which way to go
She like, "Bae, that's enough", I'm like, "I need some more"
I move different from niggas, I come from that 4
Could be doin' them bad, but I'm keepin' it low

Cartier watches, I gave mine away
Six hundred thousand on just for the day
Let me remind 'em I'm not one to play with
.223 somewhere, you know that I stay with
All my shit shinin', you know that I stay lit
I got some shit on my wrist, cost a Maybach
I gave 'em all a loan, nobody pay back
You wanna be me? Lil' nigga, then say that
Go in Wafi, they treat me like the president (whole lotta ice)
Ice on me hittin' (whole lotta ice)
Cartier piss (whole lotta ice)
In the dark, let it flick (whole lotta ice)
Baguette jump out the pendant (whole lotta ice)
Wafi did this (whole lotta ice)
Johnny don't miss (whole lotta ice)
Hold up your wrist (whole lotta ice)
Hold it like this (whole lotta ice)
Ice on me hittin' (whole lotta ice)
Cartier piss (whole lotta ice)
In the dark, let it flick (whole lotta ice)
Baguette jump out the pendant (whole lotta ice)
Wafi did this (whole lotta ice)
Johnny don't miss (whole lotta ice) (blrrrd)

Hold up your wrist (whole lotta ice) (ayy, big blrrrd)

Hold it like this (hey)

Nigga, two Cartiers on me, but I can go Richard

It's a million plus four in my stash, I'm straight (yeah, I'm straight)

I'm a money-gettin' nigga, gon' feel where I come from (uh-huh)

All the opps dyin' broke, they could never relate (never relate)

Before I met Gucci, it was just me and Drac' (just me and my Drac')

See action, go in it, no tellin' me wait

As soon I wake up, go and hop in the stripe

Tough tires on the back, can't move no, ayy

It's a whole lotta, whole lotta ice on my neck (whole lotta ice)

Know I gotta protect with switch and the K (switch and the blrrrd)

Gotta be dumb, tryna take some from me

Don't stop when I'm blowin', now he carried away (carried away)

Stash spot still jumpin', I ain't servin' the J's (servin' the J's)

Laws used to front on me, I was jumpin' the gate (the gate)

Million dollar-some deal, but I still be robbin' (blrrrd)

Summertime, bust your shit up, ain't nobody safe, big blrrrd (whole lotta ice)

Ice on me hittin' (whole lotta ice)

Cartier piss (whole lotta ice)

In the dark, let it flick (whole lotta ice)

Baguette jump out the pendant (whole lotta ice)

Wafi did this (whole lotta ice)

Johnny don't miss (whole lotta ice)

Hold up your wrist (whole lotta ice)

Hold it like this (whole lotta ice)

Ice on me hittin' (whole lotta ice)

Cartier piss (whole lotta ice)

In the dark, let it flick (whole lotta ice)

Baguette jump out the pendant (whole lotta ice)

Wafi did this (whole lotta ice)

Johnny don't miss (whole lotta ice)

Hold up your wrist (whole lotta ice)

Hold it like this, hey
