"4 BIG GUYS "

Yessir

Big dick, big dick

Big 'ol dick dick

Three big balls, look like we playin' tennis

He got a big dick, I think his name Dennis

I jerk his dick until that n*gga finishes

Dick big and green, it taste just like spinach

Dudes, dudes, I love when they send me all the nudes

Had to make him nut cause his balls were blue

He didn't have a clue

He sliding in and out my ass like he's cleaning out gutters

Dick bigger than a stick of butter

Saw that big dick swinging up in the mother fuckin' hallway

He like me and my friends because we're all gay

We like dick

I like his ass cause it's thicc
He gon' fuck my butt til' I shit
And dick is dry so I spit on the tip

Four big guys and they bust on my eyes
They eat my ass, just like apple pie
If they keep fuckin' me like this I might just die
They pipe my booty til' cry
He lick my dick and the cum start drippin'
I took a bite out of his ass it tastes like lemon pepper chicken
He throw me up in the air my booty flippin'
He dug his balls in my booty like he Scotty Pippen
Met the n*gga last night
Then I rode his dick like a bike
He's so thicc he looks like a dyke
But that's okay cause I think his name Mike
Jordan, he fuck me while recordin'
He sent me butt pics this mornin'
Hands down the greatest nudes I've recieved
I love when I receive his BBC

Three big balls, look like we playin' tennis
He got a big dick, I think his name Dennis

I jerk his dick until that n*gga finishes
Dick big and green, it taste just like spinach
Dudes, dudes, I love when they send me all the nudes
Had to make him nut cause his balls were blue
He didn't have a clue
He sliding in and out my ass like he's cleaning out gutters
Dick bigger than a stick of butter
Saw that big dick swinging up in the mother fuckin' hallway
He like me and my friends because we're all gay
We like dick
I like his ass cause it's thicc
He gon' fuck my butt til' it shit
And dick is dry so I spit on the tip
