## "A Lonely Night"

Gangster, yeah, yeah

Hey, na-na-na-na-na-na, hey

Why would you wanna bring somethin' between us

There's nothin' between us, oh, ay

Why would you wanna use a life to keep us

To keep us together, uh, oh-oh

Better when we're both apart (oh), better when we're both apart

We're no good for each other, no good for each other

Better when we're both apart (my baby), better when we're both apart

We're no good for each other

A lonely night

Baby girl, I loved you on a lonely night, oh

It was the only time

And if I led you on then I apologize, oh (oh)

How can I make you rethink your decision?

Unruly decision, oh, hey

What's gonna make you rethink your position?

I know your intentions (I know your intentions)

Oh-oh (hey) hey

Better when we're both apart (oh), better when we're both apart

We're no good for each other, no good for each other (no good for each other)

Better when we're both apart (my baby), better when we're both apart

We're no good for each other

A lonely night

Baby girl, I loved you on a lonely night, oh

It was the only time

And if I led you on then I apologize, oh

Yeah

Hey

Let's go (hey)

Better when we're both apart (oh, baby), better when we're both apart

We're no good for each other, no good for each other  
Better when we're both apart (oh, baby), better when we're both apart  
We're no good for each other, hey

Duh-ruh-doo-duh-duh  
Duh-ruh-doo-duh-duh, oh

A lonely night  
Baby girl, I loved you on a lonely night, oh (hey)  
It was the only time (it was the only time)  
And if I led you on then I apologize, woah

A lonely night  
Baby girl, I loved you on a lonely night, oh (woah)  
It was the only time  
And if I led you on then I apologize, woah

Baby girl, I loved you  
Know I loved you  
Know I loved you  
Hey  
No-no-no-no-no-no-no-no, ay
