"DIE DIE"

Big 14, know what the fuck goin' on

Do or die, genocide

Yeah, this shit is mine

Yeah, the city mine (city mine)

And I'm too fly

On God, I'm too high (too high)

You could fuckin' try, or you could fuckin' die (grrah)

Man, that's suicide (suicide)

Yeah, that's suicide (suicide)

You already know we ready to kick a door (kick a door)

Special bean, Piccolo (Piccolo)

Red dot, make sure I hit the ho

Hit 'em in the face then kick the ho (bitch)

Yeah, I beat it up

Yeah, get down

Yeah, get down

Yeah, I get it

Yeah, get down

Yeah, I did it (yeah)

Yeah, I did it (yeah)

Run down in the face though

Lamb' truck, bitch, not basic

You could be a victim, I been thuggin' since a baby

She wan' be my baby but I'm free just like a mason

Pulled up in a spaceship, lifestyle so amazin'

We gon' make him pay, bitch

Yellow diamonds, they amazin'

Glitter boy, not no plain shit

I can't fuck no basic

I can't, I can't, I can't go out like that

Do or die, genocide

Yeah, this shit is mine

Yeah, the city mine (city mine)

And I'm too fly

On God, I'm too high (too high)

You could fuckin' try, or you could fuckin' die (grrah)

Man, that's suicide (suicide)

Yeah, that's suicide (suicide)

You already know we ready to kick a door (kick a door)

Special bean, Piccolo (Piccolo)

Red dot, make sure I hit the ho

Hit 'em in the face then kick the ho (bitch)

Yeah, I beat it up

Yeah, get down

Yeah, get down

Yeah, I get it

Yeah, get down

Yeah, I did it (yeah)

Yeah, I did it (yeah)

Ha, ayy

Trackhawk motors sound super nice, face this cup like suicide

Out of Chi-Town like do or die

Roxy got me like, "Who am I?"

Model on read, I didn't reply

Ha, ayy, left a model on read, I keep receipts

I know I'ma get bored in a week

Made me a mil', couple thoughts off lean, ayy, uh

Ridin' with a barbie, this car her dream

Trust in God, still ride with the beam

Try not to post when I'm on codeine

Ha, ayy

Foe'nem'll never go use me,

Taste regret and it's bitter like tea

Do or die, genocide

Yeah, this shit is mine

Yeah, the city mine (city mine)

And I'm too fly

On God, I'm too high (too high)

You could fuckin' try, or you could fuckin' die (grrah)

Man, that's suicide (suicide)

Yeah, that's suicide (suicide)

You already know we ready to kick a door (kick a door)

Special bean, Piccolo (Piccolo)

Red dot, make sure I hit the ho

Hit 'em in the face then kick the ho (bitch)

Yeah, I beat it up

Yeah, get down

Yeah, get down

Yeah, I get it

Yeah, get down

Yeah, I did it (yeah)

Yeah, I did it (yeah)
