"Evil"

I was born on the cemetery

Under the sign of the moon

Raised from my grave by the dead

And I was made a mercenary

Oh in the legions of Hell

And now I'm king of pain, I'm insane

You know my only pleasure

Ooh is to hear you cry

I'd love to hear you cry

I'd love to feel you die

And I'll be the first to watch your funeral

And I'll be the last to leave

I'd love to hear you cry

And when you're down beyond the ground

I'll dig up your body again

And make love to shame

Oh lady, cry and say goodbye (goodbye)

Oh lady, cry and say goodbye

You've gotta say goodbye

'Cause I will eat your mind
