### "IDGAF"

You were caught in a lie, said it with your eyes  
Said to all my homies that you weren't even mine  
You didn't think twice, got a heart made of ice  
And that shit hit me, did me dirty

I never asked why and I never did cry  
I never told another how I felt inside  
My demons don't hide when I'm dreaming at night  
And I won't mislead you, you'll miss me

'Cause I don't give a fuck about you no more  
Give me back my hoodies, or I'm kicking down doors  
You weren't even pretty, looking back, and I'm sure  
You still miss me, that's so funny

I don't give a fuck about you, you swore  
You would never talk about me before  
You lied, looking filthy in your ugly jean shorts  
You still kissed me (yeah), now shit's history

I don't mind if we speak again  
I don't wanna be cool, I don't wanna be friends  
Leave me half-alive, on my homies you was flirty  
Fill me up with lies, and you did me so dirty  
  
'Cause I don't give a fuck about you no more  
Left me bleeding with my heart on the floor  
You were never really mine, I was never really yours  
You're the demon on my shoulder I'm just trying to ignore

And I don't give a shit about your fake-ass friends  
Hollywood Hills, where we play pretend  
I don't wanna say I'm sorry, I don't wanna make amends  
I will never make a mistake like you again

'Cause I don't give a fuck about you no more  
Give me back my hoodies, or I'm kicking down doors  
You weren't even pretty, looking back, and I'm sure

You still miss me, that's so funny

I don't give a fuck about you, you swore

You would never talk about me before

You lied, looking filthy in your ugly jean shorts

You still kissed me, now shit's history

Regardless, you're so heartless

Lead my heart into your darkness

Hid the truth behind your harmless, pretty face (aw)

And I know you're running out of other options

Live in your head rent-free, a neurotoxin

And I wake up every morning with a smile on my face

Knowing full well you were put up for adoption

Oh shit, yeah, I went there, but honestly, I don't care

You never tried to play fair with me

Left me broken with scars, making all these remarks

So now this is the part where I leave

'Cause I don't give a fuck about you no more (no more)

Give me back my hoodies, or I'm kicking down doors (down doors)

You weren't even pretty, looking back, and I'm sure

You still miss me, that's so funny

I don't give a fuck about you, you swore (you swore)

You would never talk about me before (before)

You lied, looking filthy in your ugly jean shorts

You still kissed me, now shit's history
