"Internet Trolls"

Hitkidd what it do, man?

GloRilla, hey, ayy

On gang, on, on gang

Woah, woah, ayy

On the gang

Y-Y-Y-You could be who you wanna be, live how you wanna live

Stunt how you wanna stunt, givewhatyou'posed to give

Saywhat you wannasay, feel how you wanna feel

Sometimes, I think they be forgettin' the internet a fairytale

He that nigga for the people, but in person, he a bitch

They be gangster on the booth, but in them papers be a snitch

She be mommy of the year but them never have them kids

They be broker than a motherfucker cappin' like they rich (Mhm)

(Watch) Watch out for them internet trolls

They be tryna satisfy them internet goals

You just got locked up 'cause the internet told

"Fake it 'til you make it," that's the internet code (What?)

(Watch) Watch out for them internet trolls

They be tryna satisfy them internet goals

You just got locked up 'cause the internet told

"Fake it 'til you make it," that's the internet code (On gang)

Ain't have to drop the lo', I got it from his Snapchat

Had to block my exes off my page so I wouldn't backtrack

They don't wanna clap for you, they just want you to clap back

That ski don't make you gangsta, you a capper, where yo' snapback?

I don't be up in his likes, but I be in his bed though

Might be in my gallery, but he ain't in this thread though

They don't gotta like me and it's cool, I really like that

'Cause half you motherfuckers in real life ain't even like that (On the gang)

(Watch) Watch out for them internet trolls

They be tryna satisfy them internet goals

You just got locked up 'cause the internet told

"Fake it 'til you make it," that's the internet code (What?)

(Watch) Watch out for them internet trolls

They be tryna satisfy them internet goals

You just got locked up 'cause the internet told

"Fake it 'til you make it," that's the internet code
