"Jaded"

Trapped inside the agony
The world is just a cage to me
Can I escape my fate
I wonder where do we go
When we don't know where to belong
Is this who I'm supposed to be
I am become a name

This is how it ends
I'm so faded
Tell me how to mend
A heart so jaded

This is how it ends
I'm so faded
Tell me how to mend
A heart so jaded

Feel like I'm out of my mind

Spinning out of control

Can't get out of my head

The weight of this is like a cancer inside

Eating away the hope left in me

I need to find my way back

But I don't know where to go anymore

This is how it ends

I'm so faded

Tell me how to mend

A heart so jaded

This is how it ends

I'm so faded

Tell me how to mend

A heart so jaded

I am become a name

I am become a name

I am become a name

(Tell me how to mend)

(A heart so jaded)

This is how it ends

I'm so faded

Tell me how to mend

A heart so jaded

Is this who I'm supposed to be

I'm so faded

Tell me how to mend

A heart so jaded
