## "Just Say That"

Huh

Glorilla

Fuck?

Uh, ho, stop tryna argue with me

You ain't done? Just say that

Tryna buck 'cause I ain't pay

If you're broke, just say that (just say that)

Hey, stop sneak dissing in songs

You got ana? Just say that (just say that)

You don't really want no smoke

You a cokehead, just say that (just say that)

You ain't done? Just say that

If you're broke, just say that

You got ana? Just say that  
Don't want smoke? Just say that (just say that)  
You ain't done? Just say that (Glorilla)  
If you're broke, just say that (woo)  
You got ana? Just say that (on gang)  
Don't want smoke? Just say that

You got a bitch? Just say that  
Last week, go way back  
Nigga say he pushin' P  
I push the button to playback (let's go)  
Can't go steady with you, baby  
So, don't ask me "what's the move?"  
'Cause I might fuck a nigga life up  
If you really want me to  
When I asked you for some top  
You thought I was tryin' to be cool  
But, that's the reason that I text you back  
I normally be rude (for real)  
If you send a couple hundreds  
I might send a couple nudes  
But if we kick it and yo' vibe ain't right  
Then you might get the boot (on the gang)

Bitch, you need to go fuck with Terry

Ho, he don't be never talkin' 'bout shit, that's why I never text him back

Bitch, he got some motherfuckin' money and he give out good

Shit, he should've just said that, give him my motherfuckin' number

Where he at? Shit

Ho, stop tryna argue with me

You ain't done? Just say that

Tryna buck 'cause I ain't pay

If you're broke, just say that (just say that)

Stop sneak dissing in songs

You got ana? Just say that (just say that)

You don't really want no smoke

You a cokehead, just say that (just say that)

You ain't done? Just say that (yeah)

If you're broke, just say that (okay)

You got ana? Just say that (ayy)

Don't want smoke? Just say that (just say that)

You ain't done? Just say that

If you're broke, just say that (just say that)

You got ana? Just say that (huh)

Don't want smoke? Just say that (what the fuck?)

Ho, just say that, keep it real

I know yo' feelings hurt, ayy

Stop lying 'bout how you feel (ayy, ayy)

You know that bitch a slut, but you head over heels

And you know them ain't yo' kids

Boy, just say it how it is

I ain't built like you niggas

I ain't down for lookin' stupid

I'm your B.N.I., bitch

That means "Bills Not Included" (bills not included)

Know your nigga hate me

But he better keep it coolin'

This'll have him break dancin'

He get hit with this Lil Uzi (yeah, yeah, yeah)

Bitch, you got broke behavior

Chicken sex smellin' ass ho

With that caked-up ass makeup

I ain't tryin' to fuck that, ho (nah)

I got rich flavors

Bands busting out my clothes

I got GG on Louis V

I don't care if that shit gold

Ho, stop tryna argue with me

You ain't done? Just say that

Tryna buck 'cause I ain't pay

If you're broke, just say that (just say that)

Stop sneak dissing in songs

You got ana? Just say that (just say that)

You don't really want no smoke

You a cokehead, just say that (just say that)

You ain't done? Just say that (yeah)

If you're broke, just say that (gang)

You got ana? Just say that (gang)

Don't want smoke? Just say that (just say that)

You ain't done? Just say that (gang)

If you're broke, just say that (huh)

You got ana? Just say that (huh)

Don't want smoke? Just say that (what the fuck?)

Ayy, ayy
