"Male Fantasy"

Home alone, trying not to eat
Distract myself with pornography
I hate the way she looks at me
I can't stand the dialogue, she would never be
That satisfied, it's a male fantasy
I'm going back to therapy

'Cause I loved you then, and I love you now
And I don't know how
Guess it's hard to know when nobody else comes around
If I'm getting over you
Or just pretending to
Be alright, convince myself I hate you

(Want me to put it here?)

(Okay)

I got a call from a girl I used to know
We were inseparable years ago
Thought we'd get along, but it wasn't so
And it's all I think about when I'm behind the wheel
I worry this is how I'm always gonna feel
But nothing lasts, I know the deal

But I loved you then, and I love you now
And I don't know how
Guess it's hard to know when nobody else comes around
If I'm getting over you
Or just pretending to
Be alright, convince myself I hate you

Can't get over you
No matter what I do
I know I should, but I could never hate you
