"Potion"

In the whip on a Tuesday night with the music high

And you by my si-i-ide, si-i-ide

Top down and the moon is high and the mood is right

And you by my si-i-ide, si-i-ide, yeah

Late night conversations

Electric emotions

Sprinkle with a little bit of sex

And it's a potion, yeah

Late night, bodies achin'

Mental stimulation

Sprinkled with a little bit of sex appeal

And it's a moment (ah), yeah (ah, ah, ah, yeah)

I've been catchin' love off a backboard

Runnin' from your love, that's what this track for

Fuckin' every bitch and never tell 'em, no

I'm pushin' P, they black and white, an Oreo

I've been catchin' love off a backboard

Runnin' from your love, that's what this track for

Buy niggas' bitches from the corner store

Thug, why you wanna do that? I don't even know

Ball like LeBron James in the finals

We 14Hunna, just like a minor

I'm yellin' "Free Big Meech" with designers

15 main hoes 'cause I'm undecided

I'm kickin' shit, karate, ooh

I'm servin' bricks somebody hood

Fuck the bitch, kept the challenge, ooh

Gucci flip flops and joggers, ooh

In the whip on a Tuesday night with the music high

And you by my si-i-ide, si-i-ide

Top down and the moon is high and the mood is right

And you by my si-i-ide, si-i-ide, yeah

Late night conversations

Electric emotions

Sprinkled with a little bit of sex

And it's a potion, yeah

Late night, bodies achin'

Mental stimulation

Sprinkled with a little bit of sex appeal

And it's a moment, yeah, yeah

Feelin' fly tonight, yeah, yeah

Goin' with the motherfuckin' vibe, yeah

It's goin' down tonight, oh, yeah

But don't you leave, don't you move

Ba-da-bing, ba-da-boom 'bout you, one, oh

Late night conversations

Electric emotions

Sprinkled with a little bit of sex

And it's a potion, yeah

Late night, bodies achin'

Mental stimulation

Sprinkle with a little bit of sex appeal

And it's a moment, yeah

Sprinkled with a little bit of sex, and it's a potion, yeah
Sprinkled with a little bit of sex appeal, and it's a moment, yeah
