"Pure Light Of Mind"

A perfect storm in a turbulent time

I know my days are numbered

But life seems to end up right

You by my side, my guiding light

Wave goodbye with tearful eyes

Wait for me I won't be long

I wanna tell you before I die

I walked the mile and I'd do it again

The darkness that became me

You're reason I'm still breathing

I walked the mile and I'd do it again

When I was about to breakdown

You took the car heading down south

Dim the lights, I'm going to panic

It's settled, this is forever

Wave goodbye with tearful eyes

Wait for me I won't be long

I wanna tell you before I die

I walked the mile and I'd do it again

The darkness that became me

You're reason I'm still breathing

I walked the mile and I'd do it again

Take away my pain

Take away my sorrow

Save me from tomorrow

Save me!

I wanna tell you before I die

I walked the mile and I'd do it again

The darkness that became me

You're reason I'm still breathing

I walked the mile and I'd do it again
