Toxic - Yrkdarapper Feat. Tafia Lyrics

"Toxic"

All my friends are toxic

All ambitionless, so rude and always negative

I need new friends

But it's not that quick and easy

Oh, I'm drowning, let me breathe

I'm better off all by myself

Though I'm feelin' kinda empty without somebody else

Oh, I hear you cryin' out for help

But you never showed for me when I was ringin' your cell phone

Oh, you don't know, how it feels to be alone

Baby, oh, I'll make you know, I'll make you know, oh

(I'm drowning, let me breathe)

(I'm drowning, let me breathe)

(I'm drowning, let me breathe)

(I'm drowning, let me breathe)

But life is immaculate

Backin' it up a bit

Countin' my hours and knocking on wood

Avoiding my opposites

Chewin' on chocolate

Had a bit limited time but I should

Be good for a minute

Don't want to admit it

I'm running on seconds

I'm rigid, I'm screwed

Don't know what to do

I'm thinking of you

I'm drinking up bottles and bottles of booze

I'm better off all by myself

Though I'm feelin' kinda empty without somebody else

Oh, I hear you cryin' out for help

But you never showed for me when I was ringin' your cell phone

Oh, you don't know, how it feels to be alone

Baby, oh, I'll make you know, I'll make you know, oh

I fell into your river

That's where you told me lies

You said that I'd feel better

But this is where good guys die

You took my pride away

But you cannot take my light

I'll find another way out

But now you're taking my life

Don't you see how I—

I'm better off all by myself

Though I'm feelin' kinda empty without somebody else

Oh, I hear you cryin' out for help

But you never showed for me when I was ringin' your cell phone

Oh, you don't know, how it feels to be alone

Baby, oh, I'll make you know, I'll make you know, oh

I'm better off all by myself

Though I'm feelin' kinda empty without somebody else

Oh, I hear you cryin' out for help

But you never showed for me when I was ringin' your cell phone

Oh, you don't know, how it feels to be alone

Baby, oh, I'll make you know, I'll make you know, oh
