## "Witchcraft"

I'm shy, oh my God

Drowned in that water, drowned in my cup

Drowned in that pussy, thumb in her butt

I've been relentless, this is not luck

Chrome in the cut, Fanum in the cut

Low in the cut, I done poured a four in the cup

I don't know who know what, if they ask I don't know nothin'

Keep your change, I'ma stay a hundred, I like Ms, I'ma keep it comin'

I like a smart bitch, not a dummy, fuckin' that bitch like I'm her hubby

She suckin' my dick, her face real cummy

I'm on the Adderall, now I'm uppy

I'm BIG 14, these bitches love me

I'm fuckin' this bitch, it's lit, it's up

It's lit in the sky, these niggas could die, uppin' the fire if a bitch nigga try

It's lit like a bitch on Cinco de Mayo, 1400 goon, I'm king of Ohio  
Walk through the trenches with a K in my hand and your bitch in my back, I  
got myself

I don't need no one that have my back, I got this wealth

I don't need no one to buy shit, I like stealth

I don't need no one but my bitch until we melt

Ahh

I'm melting, melting

Help me

Drowned in that water, drowned in my cup

Drowned in that pussy, thumb in her butt

I've been relentless, this is not luck

Chrome in the cut, Fanum in the cut

Low in the cut, I done poured a four in the cup

I don't know who know what, if they ask I don't know nothin'

Keep your change, I'ma stay a hundred, I like Ms, I'ma keep it comin'

I like a smart bitch, not a dummy, fuckin' that bitch like I'm her hubby

Foreign back-to-back, me and Trippie made a diss

But he ain't get to see the streams 'cause he ain't livin', we ain't trippin'

Put a switch on his lil' ass if he act bad, he think he ain't learn

Double cup is dirty, don't pick it up, you'll catch a ringworm

Knew the bags came from LAX, she ain't been to L.A. yet  
That ho pussy worth a purse, so she ain't gotta kill it yet  
Bring twenty PTs for a verse, you know, Wockhardt or the 'Tech  
She miss her period, she hit the lottery, ho might have a heart attack  
All my cars fully loaded, spend six thousand on a coat  
I pour drips in every soda, I won't never drive the boat

Drowned in that water, drowned in my cup

Drowned in that pussy, thumb in her butt

I've been relentless, this is not luck

Chrome in the cut, Fanum in the cut

Low in the cut, I done poured a four in the cup

I don't know who know what, if they ask I don't know nothin'

Keep your change, I'ma stay a hundred, I like Ms, I'ma keep it comin'

I like a smart bitch, not a dummy, fuckin' that bitch like I'm her hubby
