"Embarrassed"

New checks on me, they clear
Got her naked on the terrace
Got my diamonds on in Paris
Got my diamonds on, embarrassed
Had to hit that pussy in Paris
Girl, your mama is overbearin'
Know she always, always there
Got my diamonds on, embarrassed (let's go)
Got my diamonds on, embarrassed
Got my diamonds on, embarrassed
Too many chains on me I'm embarrassed
I got my diamonds on (I got my diamonds on)
I got my diamonds on, embarrassed (ooh)
Too many chains on me, embarrassed (yeah)

I'm feelin', I'm feelin', I'm feelin', I'm runnin' it up
Dr-drive my coupe, four-by-four, I'm pickin' you up (yuh)

I'm on my way and I'm drunk out here, yeah
I'm on my way, and I'm drunk right here (let's go)

Walk in, got 'em all starin'

Diamonds, yeah, they lighter than can (oy), yeah

Can't fit for the expense

What I've seen, they so embarrassed

Can it fit but it really ain't fair (rawr)

Shawty sittin' on a nigga like a chair

It ain't me 'cause I'm standin' right here

Don't care but I'm not that careless

New check in, gotta go clear it

Got her naked on the terrace

Got my diamonds on in Paris

Got my diamonds on, embarrassed

I wanna hit that pussy in Paris

And her mom is overbearin'

Know she always, always there

Got my diamonds on, embarrassed

I feel when you call when you knowin' I'm drunk right now (drunk)

I feel when you callin', know that I'm upside down (yeah)

I'm on my way and I'm drunk out here, yeah

I'm on my way and I'm drunk right here, yeah

What's on my neck? That's karats

Put a ring on it baby, that's marriage

On a PJ, just landed in Paris

She want me to meet both parents (yeah)

And these diamonds on me shinin' like the iPhone

Kickback hit it like a rifle

Fuck around and die, might snipe you (Pew)

Vibe it, baby, I like you

Dumbass lose it, she told me set the one (it's mine)

The diamonds is violatin', you know they hittin' from all angles

Hundred K right in your palm, bitch

I rub on her butt, it's promethazine

Baby, stop playin', what's up? (Babe)

All these diamonds seem like they last forever

I wanna hit that pussy in Paris

Got her naked on the terrace (I know)

I got my diamonds all in Paris (I really know it better, got my diamonds all in Paris)

I love it, baby, these goddamn nights so good

I need you here, baby, I'm embarrassed

Hop in a foreign, I don't want you to go

Ooh, so good, baby
