## "Enough"

Please stop calling  
You've been dishonest  
I've been through enough  
Two face promise  
Scars and traumas  
You put me through enough  
Yeah I've been through, through  
Enough with you, you

Please stop calling  
You've been dishonest  
Stop, you've done enough

Yeah, I had to walk away from all the lies  
I think that it's time for me to rise  
Again, yeah

Yeah, I can't believe I wasted all my time  
Just to tell another one goodbye, my friend

You already walked that line  
You crossed it many times  
Yeah, you know how to get the best of me

You said you changed, you won't  
I guess I should've known  
You'll never get another chance with me

Yeah, like don't you think I've been through enough?

Baby, we've been falling in, out of love  
You shot me down, yeah lost all my trust  
Everything you promising is really a bluff

Please stop calling  
You've been dishonest  
I've been through enough  
Two face promise  
Scars and traumas  
You put me through enough  
Yeah I've been through, through

Enough with you, you

Please stop calling

You've been dishonest

Stop, you've done enough

Memories all in my head

I've been playing the same ones, been playing the same ones

Yeah, you gotta move on

Yeah, it's not gonna be the same it was once

The way it once was

It's time to leave

You gotta go

Just let me be

I'm on my own

I'm sick of you

And all your moods

And I ain't here to play no games, no

Yeah, like don't you think I've been through enough?

Baby, we've been falling in, out of love

You shot me down, yeah lost all my trust

Everything you promising is really a bluff

Please stop calling

You've been dishonest

I've been through enough

Two face promise

Scars and traumas

You put me through enough

Yeah I've been through, through

Enough with you, you

Please stop calling

You've been dishonest

Stop, you've done enough
