"Last Night"

Last night we let the liquor talk

I can't remember everything we said but we said it all

You told me that you wish I was somebody you never met

But baby, baby somethin's tellin' me this ain't over yet

No way it was our last night

I kiss your lips

Make you grip the sheets with your fingertips

Last bottle of Jack we split a fifth

Just talk about life goin' sip for sip

You, you know you love to fight

And I say shit I don't mean

But I'm still gon' wake up wantin' you and me

I know that last night we let the liquor talk

I can't remember everything we said but we said it all

You told me that you wish I was somebody you never met

But baby, baby somethin's tellin' me this ain't over yet

No way it was our last night

No way it was our last night

No way it was the last night that we break up

I see your tail lights in the dust

You call your momma, I call your bluff

In the middle of the night, pull it right back up

Yeah my, my friends say let her go

Your friends say what the hell

I wouldn't trade your kind of love for nothin' else

Oh baby, last night we let the liquor talk

I can't remember everything we said but we said it all

You told me that you wish I was somebody you never met

But baby, baby somethin's tellin' me this ain't over yet

No way it was our last night, we said we'd had enough

I can't remember everything we said but we said too much

I know you packed your shit and slammed the door right before you left

But baby, baby somethin's tellin' me this ain't over yet

No way it was our last night

No way it was our last night

I know you said this time you really weren't coming back again

But baby, baby somethin's tellin' me this ain't over yet

No way it was our last night

No way it was our last night
