## "Super Gremlin"

Man, we could be superstars  
We been ridin', wreckin' cars (ayy bro, is that Jambo?)  
What is at stakes for us?  
Kickin' off power mirrors  
Yeah, we could be superstars  
But I'm pretty sure time is up  
And so we fell in love with spinnin' drops  
Still only a child, but faithful error (ATL Jacob, ATL Jacob)

Say you my nigga, I'ma be your killer  
Nobody gon' play with you when I'm with you  
Go against any nigga, like fuck this glitter  
Skeet off dirt, I'm ditchin'  
I put it in for you, I spin for you  
Whatever you with, I'm with it  
How you gon' cross a nigga that rockin' with you?

I got you lit in the city  
I been multitaskin', rappin' and bein' a daddy to my lil' children  
I been standin' on business  
And spinnin' and spinnin' and spinnin' until I'm dizzy  
I do all the smackin', he ain't never step or help  
With none of these killings, you doin' a lot of cappin'  
Watch when I catch you, I'ma whack you in front of the witness

Damn, my nigga you trippin'  
We could've been superstars (superstars)  
Remember when we was jackin' cars (jackin' cars)  
Now it's not safe for you (safe for you)  
You switched like a pussy, lil' bitch  
Damn, my nigga you trippin'  
We could've been superstars  
Can't help it, now I'm reminiscing  
Remember when we was jackin' cars  
Now you better keep your distance  
'Cause it's not safe for you (safe for you)  
You switched like a pussy, lil' bitch

Trackhawk with the kit, snatch off on a bitch  
When I slide, night light on the blick

Bet I'm on my shit when I'm outside  
Zoe done ran down  
Caught him pants down, nigga you shitted  
I knew the Perc was fake, but I still ate it  
'Cause I'm a gremlin  
Yeah, cutthroat business, KTV, backdoor wide open  
Wait 'til my sniper get live, all you niggas gon' die  
Time rollin', bustin' on my opponent  
No half-steppin', I'm crunchin' my opps totally  
We was just broke with no motion  
Sleepin' on sofas, creepin' in houses like roaches  
I done went cages to stages to cages  
Now free me, baby, can't keep me, baby  
I beat them cases, they already hate  
When they gon' want me dead when I'm off probation  
Oh, y'all think lil' Yak retarded?  
Y'all ain't seen none yet, I promise  
Niggas can't take me, niggas can't guard me  
I be on a fuck-nigga ass like Charmin  
AK, twenty inch carbons

We could've been superstars (superstars)  
Remember when we was jackin' cars (jackin' cars)

Now it's not safe for you (safe for you)

You switched like a pussy, lil' bitch

Damn, my nigga you trippin'

We could've been superstars

Can't help it, now I'm reminiscing

Remember when we was jackin' cars

Now you better keep your distance

'Cause it's not safe for you (safe for you)

You switched like a pussy, lil' bitch

Trackhawk with the kit, snatch off on a bitch

When I slide, night light on the blick

Bet I'm on my shit when I'm outside

Zoe done ran down

Caught him pants down, nigga you shitted

I knew the Perc was fake, but I still ate it

'Cause I'm a gremlin

Yeah, we could be superstars (Super Gremlin)

But I'm pretty sure our time is up (now your time is up)

And so we fell in love with spinnin' drops

Still only a child, but faithful error

I ain't slimin', I'm grimin'

Any way you put it I'm SG with it, I'm Super Gremlin

Snatch and grab, sneak and geek

Sniper Gang, trust

Nightmare, baby, you know I

I bet you always see me in your dreams

Glee
