## "Tek It"

Where did you learn what it means to reciprocate?

And how much can I be expected to tolerate? Uh

So I started to think 'bout the plans I made

The debt unpaid

And you just can't call a spade a spade

I watch the moon

Let it run my mood

Can't stop thinking of you

I watch you (now I let it go)

(And I watch as things play out like)

So long nice to know you I'll be moving on

We started off in such a nice place

We were talking the same language

I open and I'm closing

You can't stand the thought  
Of a real beating heart  
You'd be holding, having trouble  
Owning and admit that I am hoping

I watch the moon  
Let it run my mood  
Can't stop thinking of you  
I watch you (now I let it go)  
(And I watch as things play out like)  
So long nice to know you I'll be moving on  
Moving on

You, yeah I always know the truth  
But I can't just say it to you  
Yeah, I know the truth  
I knew

Yeah, I always know the truth  
But I can't just say it to you  
Yeah, I know the truth

I never thought we'd see it through  
I never could rely on you

And few times your face came into view

Into view

I'm not into you

Into you
