"rises the moon"

Days seem sometimes as if they'll never end

Sun digs its heels to taunt you

But after sunlit days, one thing stays the same

Rises the moon

Days fade into a watercolour blur

Memories swim and haunt you

But look into the lake, shimmering like smoke

Rises the moon

Oh-oh, close your weary eyes

I promise you that soon the autumn comes

To darken fading summer skies

Breathe, breathe, breathe

Days pull you down just like a sinking ship

Floating is getting harder
But tread the water, child, and know that meanwhile
Rises the moon

Days pull you up just like a daffodil
Uprooted from its garden
They'll tell you what you owe, but know even so
Rises the moon

You'll be visited by sleep
I promise you that soon the autumn comes
To steal away each dream you keep
Breathe, breathe, breathe
