## "Aint Got Time"

Mr. Hanky

When ya bitch don't hit back quick don't call

I ain't got time

If I tell you I'ma come, you don't see me in the club

I ain't got time

I don't wanna be ya bitch

I just wanna get a hit

When I got time

But I ain't got time (huh)

It ain't yo' time (ho)

Why you wanna play like that?

Gave a nigga to the streets and he came right back (on God)

They love to blame it on the player with roster (huh)

Killin' a ho on any song is what the block heard

Who'll stop her? Nobody can really top her lately

I been influencing where the block go lately  
I'm telling you niggas, that he is not my baby  
He eat on the pussy you know the top go crazy  
I like, niggas who be all on that romantic shit (mhm)  
And spend dem hundred I ain't talking 'bout a band and shit (nigga)  
He wanna fuck but I be cap he know I'm playin' shit  
But don't be acting like you wanna be my man and shit  
You know I keep it hunnit cause I'm a real bitch (on God)  
Big boss thick ass I'm scandalous (grr)  
Beyoncé, can he handle this? I don't think he can handle this

When ya bitch don't hit back quick don't call  
I ain't got time  
If I tell you I'ma come, you don't see me in the club  
I ain't got time  
I don't wanna be ya bitch  
I just wanna get a hit  
When I got time  
But I ain't got time  
It ain't yo' shine

If I tell you to pull up at seven (if I tell you)  
Be ready I ain't got the time or a second

To play with you all in my presence (on God)  
If I fuck you today and tomorrow you tell it  
Consider it done imma dead it  
And I don't give a damn 'bout a craving or fetish  
I'm her and you know it I said it (hm)  
If you buying me diamonds be sure to baguette it  
If I ain't free tonight, then I'm busy (I'm busy)  
He can't eat tonight he ain't with me (he ain't with me)  
I'm on demon time in his city  
And I don't need to lie 'cause I'm with it  
But, um, I love to kick with the block boys (uh)  
The type of nigga who'll fuck me in a cop car (on God)  
Let a nigga go when I get finished I am not yours  
He gon' give it to me quick, I know he got court  
He was fuckin' with a bitch, but the bitch ain't workin'  
Call me? Nigga, ain't no service  
I don't want the nigga if the nigga ain't perfect  
Shit tight like a brand-new virgin  
Let 'em get the number just to block 'em on purpose  
I ain't trippin' if another ho flirtin'  
I don't wanna meet if we ain't meetin' in person (oh, yeah)  
Every nigga want the flow, queen version

When ya bitch don't hit back quick don't call

I ain't got time

If I tell you I'ma come, you don't see me in the club

I ain't got time

I don't wanna be ya bitch

I just wanna get a hit

When I got time

But I ain't got time (huh)

It ain't yo' time (ho)
