"CPR"

Um, dois, três, quatro

No quick head in my bed I can't have that

I want that long neck not talking giraffe neck

Ain't no laying down man we 'bout to have late fun

I'm 'bout to make your balls stick up like space buns

Want your dick soaked?

Place it down my throat

Tongue tickle yo' dick but not telling a joke

Peddle in this pussy that's how you rock a boat

It get live in this pussy, I'm not talking Periscope

In the sheets I am a bully

Give more head than a hoodie

Every time you make me cum it look just like vanilla pudding

Sit on yo face all day until you say, "Bae, it hurt me"
Then I turn around and give the dick more kisses than Hershey's

Yo' dick brick-hard like a medal (uh)
I got three holes for it like a pretzel (mhm)
Tight as a virgin boy don't get nervous (tight)
I'm here to serve you customer service (right)

I save dick by giving it CPR
(I save dick by giving it CPR, yes)
Put my mouth on it like CPR
(Let's make porn and watch it on VCR)

I think we should fuck up in every zip code
It would make my pussy wetter than a fishbowl (wet)
Pussy a kitty cat, I pet it like a pet
I fuck doggy style so much I need to go to the vet

Hotbox? More like a scorching pussy
Open this coochie up like a fortune cookie (crack it open)
Yo' banana in my mouth watch my tongue go ape
Yo' dick getting more blows than a birthday cake

When I'm near it, no, I don't fear it

Licking on that penis like a letter when I seal it (yummy)

Today way wetter than my past slob

And if you unemployed, I can give you a ass job

Pussy already wet don't need no lube ointment (yeah)

Dick twisting in my stomach like food poisoning

That's how you know when you hit the spot

I'll make your pants unzip more than Ziploc

Yo' dick brick-hard like a medal (uh)

I got three holes for it like a pretzel (mhm)

Tight as a virgin boy don't get nervous (tight)

I'm here to serve you customer service (right)

I save dick by giving it CPR

(I save dick by giving it CPR, yes)

Put my mouth on it like CPR

(Let's make porn and watch it on VCR)

Anything goes when you up in my hole

Dirty panties from the sex, yeah, I got me some loads (dirty)

Listen, I'm the most explicit

Long stick inside my river but we not going fishing

Know what to do every time you have a horrible day
I'll eat that sausage all day like it's Memorial Day (yeah)
I'm talking BBQ sauce and mustard on it (yummy)
And the mayonnaise comes when you bust right on it

Name anything freaky and you know I'm 'bout that shit
Only time I'm not on the dick is when I'm 'bout to shit
Pubic hairs all in my mouth, not again (no)
So when I suck yo' dick now, I use bobby pins (mm)

Who need a gym when you got dick to work you out?
I want my face to lose weight so stroke my mouth
And any time my pussy wanna be hairy like Harry Potter
Becky with the good hair is what you could call her

Let's get it

A little faster

A little more

Right there

Give it to me now

(Uh, uh, uh, uh, uh, uh)

(Uh, uh, uh, uh, uh, uh, uh, uh)
