"Favorite Song "

Yeah, I'm on the stage right now

Singin' your favorite song

Look in the crowd

And you're nowhere to be found as they sing along

I say you look good without no makeup

No lashes, even better when you wake up

Uh-uh-uh

I see the look on your face

I see you hidin' the hate

I see you lookin' for someone to scoop you right off of your feet

You wanna ride in a Wraith

You wanna go out on dates

You want somebody to come bring you flowers

Someone to talk to for hours

Wash your back while y'all sit in the shower, yeah

Someone to tell you, "You're beautiful"

Someone to tell you and mean it

Someone to tell you, "I love you" every day

And don't got a reason

You want someone to bring you peace, uh

Someone to help you sleep, yeah

Someone to pick you up when you're feelin' down, feelin' lonely

Need somebody who can make it better

Somebody who can open up those gates

Open up those gates to your heart

Only if you'll let me

I'm on the stage right now

Singin' your favorite song

Look in the crowd

And you're nowhere to be found as they sing along

I say you look good without no makeup

No lashes even better when you wake up

Uh-uh-uh

I see the look on your face

I see you lookin' for peace

I see you tired of the hurt

Tired of the pain

Tired of the nights where you can't get no sleep

I see you're tired thinkin' 'bout if he cheat

See you're tired thinkin' 'bout if you leavin'

See you're tired of bein' so tired
And you damn sure ain't gettin' even
Need somebody
Who can make it better
Somebody
Who can open up those gates
Open up those gates to your heart
Only if you'll let me
I'm on the stage right now
Singin' your favorite song
Look in the crowd
And you're nowhere to be found as they sing along
I say you look good without no makeup
No lashes even better when you wake up
Uh-uh-uh
