I Know - Kanii Lyrics

"I Know"

I know you understand

I can't leave you alone

I gave you my time, but you can't pick up the phone

Life done been so tragic, huh

It won't leave me alone

Try not to be obsessive

I fucked up, oh girl, I know, I know, I know

I fucked up, oh girl, I know, I know, I know

I fucked up, oh girl, I know, I know, I know

I fucked up, oh girl, I know, I know, I know

You only gon' text me when you're bored

Don't like the feeling of being ignored

Told you we too grown for this, make your choice

Told you I'm too bold for this, already on it

She wanna spend some time away, she wanna spend some time

I can't give my heart away, I'm too in my mind

I can't give my cards away, I'm too in my grind

'Cause learned this shit the harder way, now I'm in my prime

I fucked up, oh girl, I know, I know, I know

I fucked up, oh girl, I know, I know, I know

I fucked up, oh girl, I know, I know, I know

I fucked up, oh girl, I know, I know, I know

I fucked up, oh girl, I know, I know, I know

I fucked up, oh girl, I know, I know, I know

I fucked up, oh girl, I know, I know, I know

I fucked up, oh girl, I know, I know, I know

I fucked up, oh girl, I know

I fucked up, oh girl, I know

I fucked up, oh girl, I know

I fucked up, oh girl, I know

I fucked up, oh girl, I know

I fucked up, oh girl, I know

I fucked up, oh girl, I know

I fucked up, oh girl, I know

I know, I know
