

Kant Nobody - Lil Wayne Lyrics

This Lyrics is downloaded from Showthelyrics.com check out for more lyrics

"Kant Nobody"

Lovin' what you do, and doin' what you do

With the pure enjoyment of knowin' that you're the best at what you do
(okay)

Yo, couldn't nobody fuck with me then

Couldn't nobody fuck with me now, yo

Can't be serious, yo (what?)

Can't nobody, nobody, no-fuckin'-body (what, what, what?)

Fuck with me, with this rap shit, yo (what, what?)

Check it, I've been spittin' for twenty years (what, what?)

(What, what, what? Ayo)

(What, what, what, what?)

Yeah, yeah, yeah, yeah, yeah, hmm, uh

(What, what?)

Sometimes I smile to hide the miles of my road travelled (what? Uh)

Shake my hand, it felt like you just touched a stove handle (what, what?)

Holy cow, fuck the cow, I want the whole cattle (what? Uh)

Gucci buffs on my eyes, look like solar panels (what, what?)

Leavin' bitches on their own, like the Oprah channel (what, what?)

Can't trust my shadow, that's a fact, I can't get overshadowed (what, uh,
what?)

Draco' soundin' like it's coughin' from the smokin' barrel (what? Ayo)

No peace, no serenity, nigga (what, what?)

Break in your vicinity, nigga, like virginity, nigga (what? Ayo)

Ain't into these niggas, just family, like the Genovese, nigga (what, what?)

The Kennedys, nigga, all street niggas ain't in the streets, nigga (yeah)

Best rapper, ex-trapper, dress dapper (what, what?)

Swizzy gave me a head-banger, a neck-snapper (what? Ayo)

Ex-factor, make a rapper an example (what, what?)

All I need is a beat with a DMX sample (ayo)

(What, what, what?)

(All I need is a beat with a DMX sample)

(Ayo, what, what, what? Ayo)

(All I need is)

All I need is a beat with a DMX sample

Say it with your chest, mama, say less, mama

Wheezy F and the F is for F bomber

Yes, mama, I'ma eat you like Jeff Dahmer

Say she on her period, let's make a mess, mama

Don't be on all of that, yeah, that's my twin, shit, alright

Don't hit my phone with all that "I'm just tappin' in" shit, alright

Fuck that friend shit, alright, I'm on my zen shit, alright

I'm on that DMT, I ain't on that DM shit, alright

Tryna get a beat right now, I'm on my Em' shit, alright

I'm just Wheezy-We, on my "excuse my French" shit, alright

Fuck that bitch, shit, alright

Red beam on a Nina, she wore lipstick tonight, bah, bah, bah, bah

Best rapper, ex-trapper, dress dapper (what, what?)

Swizzy gave me a head-banger, a neck-snapper (what? Uh)

Ex-factor, make a rapper an example (what, what?)

All I need is a beat with a DMX sample (uh)

Swizzy on the drum machine, I got the gun machine (what, what?)

That bitch go "Brr", it sound like bumblebees (what, what?)

Gun come with a magazine, long as a limousine (what, uh, what?)

You smell that decomp in the mornin', like some Jimmy Deans, uh (what?
Ayo)

Best rapper, ex-trapper, dress dapper (what, what?)

Swizzy gave me a head-banger, a neck-snapper (what? Ayo)

(All I need is a beat with a DMX sample) (ayo)

All I need is a beat with a DMX sample (what? Ayo)
