"LET EM PRAY "

Delegating isn't one of my strong suits

I've seen it take a toll and be harmful

I've seen what it can do when I got both of my arms full

But still to continue to pile more on my back though

I learned at a young age if you wanna do something impactful

Then you gotta be willing to sacra-

-fice and really go after it

With everything that you have

'Cause if you don't it ain't never gon' happen

Listen

Gotta prevail

Gotta excel

Think I hit my peak? Nah, I just started climbin' the hill

Kill or be killed

Well if that's the way that you feel

I hope you know you 'bout to get the raw end of the deal

I need to meditate

I ain't got no room to grow, I would never say
Conversations with the Lord should be everyday
Reconnectin' with my core get my head on straight

Prayin' on my downfall, let 'em

Pray

Resumé

Check the resumé

Set the pace, I don't hesitate

Yeah

Just get it done let me demonstrate

Demonstrate, demonstrate

Let it soak in, let it resonate

Blood, sweat, and tears on the 808s

See 'em prayin' on my downfall

Let 'em pray

Let 'em pray

Let 'em, let 'em pray

See 'em prayin' on my downfall

Ay, let 'em pray

Yeah

Let 'em, let 'em pray

Let 'em, let 'em pray

See 'em prayin' on my downfall

Let 'em pray

Sentimental

Influential

Every step

I've ever taken in the wrong direction

Helped me get to

Where I am today

And led to monumental

Moments in my life

That I would not have got to

Experience

If I'da let the mi-

-stakes that I made

Rob me of my

Full potential

Life will test you

Don't forget to

Remember the fundamentals

I gotta get back to those

Be surprised what you find when you climb out your comfort zone

I get uncomfortable

When I get too comfortable

You corner me and that's all she wrote

I'm in a headspace mind state I ain't never been before

You don't bring nothin' to my life then I exit yours

Let's get right to it, yeah, I ain't with the back and forth

You either with me or against me, a easy choice

The momentum buildin'

I can feel it

My resilience

Cannot hide it, can't conceal it

Made me suffer some but also made me brilliant

Pass my brilliance down and teach my children

Life is precious, life is treacherous, life is filled with

Dead-end roads, keep on pushin'

Keep on healin'

See you prayin' on my downfall

Go on, keep on prayin'

God ain't listenin' to ya
