## "Not Worth It"

You give yourself away

To undeserving men

Spend hours by the phone

To boys that never call again

And how does it make you feel?

When all is said and done

You gave it up for free

And didn't even cum

I'm getting too old for this shit, now

Claiming my dignity back somehow

'Cause they all disappoint you eventually

And it's not worth it for me

No, he's not worth it for me

We've all made those emistakes

How it hurts when your heart breaks  
Don't let him kick you off your throne  
Just 'cause your scared to be alone

No, it's time to raise your voice  
'Cause you are an easy choice  
It's just a simple, "yes" or "no"  
If he can't choose, then let him go

Yeah, aren't we too old for this shit, now  
Let's claim our dignities back, somehow  
They all disappoint you eventually  
And it's not worth it for me  
No, he's not worth it

But when he gets here  
I'm prepared  
I'll be prepared  
I won't be scared  
In the meantime I'm okay  
Being alone

I'm getting too old for this shit, now

Let's claim our dignities back somehow

They all disappoint you eventually

And it's not worth it for me

Yeah, and aren't we too old for this shit, now

Let's claim our dignities back somehow

They all disappoint you eventually

And it's not worth it for me

No, it's not worth it for me

Hmmmm

For me

Hmmmm
