## "SUFFICE"

Yeah, if I did it, then I did it right (yes), yeah

This ain't happen for me overnight (no), yeah

Bet against me, you gon' pay the price, yeah (woo, woo)

Down to business, I ain't playin' nice (ayy), yeah

So ahead of y'all, I'm out of sight, yeah

When you poppin', they all want a slice (they want a slice), yeah

Greed and envy, that's a part of life, yeah

Mediocre, that just won't suffice (ayy)

Better now than never

Ain't no crackin' under pressure, the boy is clever

If I did it, it was stellar, nobody fresher

Stop complainin', man, my head hurts, these catchy records

Ain't nothin' really (woo) but a walk in the park for me

Heard your catalog, you know I got some scars on me (you know)

It's gettin' started, you don't really wanna to start with me (start)

It's John Q, I will sacrifice the heart in me

For family, high roller

But you wouldn't know it by the way that I roll the

Career lifespan lookin' good, it ain't slowin'

One after another, man, I just keep goin'

And goin', goin' (hey)

Yeah, if I did it, then I did it right (yes)

This ain't happen for me overnight (no)

Bet against me, you gon' pay the price (pay up)

Down to business, I ain't playin' nice (woo), yeah

So ahead of y'all, I'm out of sight (I'm out of sight), yeah

When you poppin', they all want a slice (they want a slice), yeah

Greed and envy, that's a part of life (part of life), yeah

Mediocre, that just won't suffice ('fice)

Keep myself grounded, that's a piece of me that I won't let go

No matter what level I reach, I promise to hold it close

Ain't got to tell me this hittin' different, man, I already know

How are you claimin' we had a baby? We ain't never spoke

I don't be sleepin' out here with random women on the road  
They want a DNA test to prove it, I'm like, "Here you go"  
I could've saved you a bunch of time and told you the results  
Lookin' for hush money from me, you ain't gonna get it though (though)

Historic, rain on my parade, I keep walkin' and ignore it  
Just part of the game, yeah, it comes with the territory  
It's just another day, man, I'm used to it down pourin'  
It's nothin' (nothin')

If I did it, then I did it right (yeah), yeah  
This ain't happen for me overnight (yeah, overnight), yeah  
Bet against me, you gon' pay the price (pay up), yeah  
Down to business, I ain't playin' nice (oh, woo), yeah  
So ahead of y'all, I'm out of sight (I'm gone), yeah  
When you poppin', they all want a slice (woo), yeah  
Greed and envy, that's a part of life (that's a part of life), yeah  
Mediocre, that just won't suffice ('fice)

Goin'

On God

Just won't suffice

Do not need no introduction, ooh  
Start my own, can't no one touch it, ooh  
Became what they said I couldn't, ooh  
Mediocre, that won't cut it

Life is a gift, I

Wanna live it to the fullest while I can, why  
Would I not, wanna know my days in this game are  
Numbered? Might as well enjoy the

Few years that I do have left, who knows when

I'ma write my last verse, I've  
Been to hell and back ever since  
That first EP came out with "All I

Have" on it, I've been givin' all I have  
Wasn't really prepared for the pain, I was  
Gonna have to go through to get to the  
End result, that I knew I wanted

Hoped I would make an impact in rap

Has that been insane? Yes, but it  
Was worth it, I can't imagine  
If I would have gave up and just turned my back on this

Music, where would I be now?  
Don't know how I would made it out from  
Underneath that rainy cloud  
Had my doubts, yes, but that's how I found my

True purpose and my surface looks great  
Who cares if underneath I'm hurtin'?  
If there's one thing I've learned in  
My life, it's that life is uncertain

Gettin' burned is unavoidable, isn't it?  
Ain't a person alive that hasn't been a victim  
Of bein' lied to, we're all hypocrites  
Giving our two cents, but not listenin'

All livin' in our own worlds, thinkin' that we're  
Right, when the fact of the matter, is a  
Closed mind is the mind of an idiot  
Don't believe that's true? Well, open it
