"Sweet Goodbye"

Maybe I was blinded by blessings

But I know that

No go back

Never gonna know but I guessed that

We would go dance, oh-woah

And she said, she said

Remember, when we die

Life goes on and

I love the moonlight

Fuck the sunshine

Your sweet, sweet goodbye

I love the moonlight

Underneath the silent sky

Sweet, sweet goodbyes

Sweet, sweet goodbye

Sweet (I love it)

Sweet, sweet goodbye

Underneath the silent sky
Dream
Dream, dreams go by
Just like all the sweet goodbyes
When we don't message
I feel the tension (goodbye)
Where are you going tonight? Oh yeah
All the pressure
Is on my chest, yeah
I just wanna cry
And she said, she said
Remember, when we die
Life goes on and
I love the moonlight
Fuck the sunshine
Your sweet, sweet goodbye, yeah
I love the moonlight
Underneath the silent sky
I'm on a high
Sweet, sweet goodbye
I love it
It's alright, ah-aha
'Cause I love the moonlight

Fuck the sunshine
Your sweet, sweet goodbye
I love the moonlight
Underneath the silent sky
I'm on a high
Sweet, sweet goodbye
Sweet (I love it)
Sweet, sweet goodbye
Underneath the silent sky
Dream
Dream, dreams go by
Just like all the sweet goodbyes
(Sweet goodbye)
