"The Choice Is Yours"

(Here they come yo, here they come)

(Here they come yo, here they come)

This or that? This or that? (Here they come yo, here they come)

This or that? This or that?

This or that? This or that?

This or that? This or that?

Yo (come on)

Who's the Black Sheep, what's the Black Sheep? (Uh, come on)

Don't know who I am, or when I'm coming so you sleep (uh, come on)

Wasn't in my room, wasn't in my sphere (uh, come on)

Knew not who I was, but listen here (uh, come on)

Dres, D-R-E-S, yes I guess I can start

If it's all right with you, I'll rip this here joint apart

Back, Middle, to the front, don't front

Want to a good time, gonna give you what you want

Can I hear a hey? (Hey)

Can I get a yo? (Yo)

You got a hat? (Huh?)

It's for the hoes (ho)

The styling is creative, Black Sheep of the Native

Can't be violated, or even decepticated

I got brothers in the Jungle, cousins on the Quest

Dead retarded uncles, in pea porridge, may they rest

Guess, which way, what, when, how

Mista Lawnge, Dres, Black Sheep slam, now

Know you've heard the others, phonies to the lovers

Then of course, the choice is yours

You can get with this, or you can get with that (this or that? This or that?)

You can get with this, or you can get with that (this or that? This or that?)

You can get with this, or you can get with that (this or that? This or that?)

I think you'll get with this, 'cause this is where it's at

You can get with this, or you can get with that (this or that? This or that?)

You can get with this, or you can get with that (this or that? This or that?)

You can get with this, or you can get with that (this or that? This or that?)

I think you'll get with this, 'cause this is kinda phat

Where's the Black Sheep, here's the Black Sheep
Even if we wanted to the flock could not be weak
Watch me swing like this, why should I swing it like that?

Because in fact, on me it might not attract

Therefore I ignore, do as I feel inside

I live with me, I've got my back tonight

Ya know what I'm saying? Yo Black, I'm not playing

Need to go with this, or go with that with no delaying

See, in actuality, one be can it be

I made it look easy, because it is to me

Any time capacity was filled, try to rock it

Any time a honey gave us play, tried to knock it

Never was fool, so we finished school

Never see us sweat, and you'll never see us drool

Out to rock the globe while it's still here to rock

Don't punch girls, and we don't punch a clock

Gotta go, gotta go, see you later by the cat

And you can't beat that with a bat

You can get with this, or you can get with that (this or that? This or that?)

You can get with this, or you can get with that (this or that? This or that?)

You can get with this, or you can get with that (this or that? This or that?)

I think you'll get with this, 'cause this is where it's at

You can get with this, or you can get with that (this or that? This or that?)

You can get with this, or you can get with that (this or that? This or that?)

You can get with this, or you can get with that (this or that? This or that?)

I think you'll get with this, 'cause this is kinda phat

Engine, Engine, Number Nine

On the New York transit line

If my train goes off the track

Pick it up, pick it up, pick it up (come on)

Back on the scene, crispy n' clean (uh, come on)

You can try, but then why, 'cause you can't intervene (uh, come on)

We be the outcast, down for the settle (uh, come on)

Won't play the rock, won't play the pebble (uh, come on)

Open the door, you best believe, we're sliding through it swiftly (uh, come on)

Niftily, we can make it hip to be what we are (uh, come on)

'Cause what we be, be the epitome, Doo, Dah, Dipitty (uh, come on)

So now I dwell just to say you're plainer (uh, come on)

Hold your cup, 'cause I got the container (uh, come on)

Pass a plater, cross the fader (uh, come on)

Black Sheep get play like the Sony Innovator (uh, come on)

Never the traitor, party inflater (uh, come on)

And you can get a scoop later (uh, come on)

You can get with this, or you can get with that (this or that? This or that?)
(Uh, come on)

You can get with this, or you can get with that (this or that? This or that?)
(Uh, come on)

You can get with this, or you can get with that (this or that? This or that?)
(Uh, come on)

I think you'll get with this, 'cause this is kinda phat (uh, come on)

You can get with this, or you can get with that (this or that? This or that?)
(Uh, come on)

You can get with this, or you can get with that (this or that? This or that?)
(Uh, come on)

You can get with this, or you can get with that (this or that? This or that?)
(Uh, come on)

I think you'll get with this, 'cause this is where it's at (uh, come on)

(Uh, come on)

(Uh, come on)

(Uh, come on)

(Uh, come on)

(Here they come yo, here they come)(uh, come on)

(Here they come yo, here they come)(uh, come on)

(Here they come yo, here they come)(uh, come on)

(Here they come yo, here they come)(uh, come on)

(Here they come yo, here they come)(uh, come on)

(Here they come yo, here they come)(uh, come on)

(Here they come yo, here they come)(uh, come on)

(Here they come yo, here they come)(uh, come on)

(Here they come yo, here they come)(uh, come on)

(Here they come yo, here they come)(uh, come on)
