## "missin u"

I remember better days

I'd be like, "Hey, boy, come on right around"

And you did, and you did, and you did, you always met me there

We were young, we were dumb, yeah, we had a good run

But now I'm off that Rie-, I'm off that Riesling

Out in these streets, deleting what you mean to me

Then you pop back, back in my mind

I go back in time

It was the perfect night

Kissin' you

Was rainin' purple skies

In my room, me and you

Ooh-ooh-ooh, I'm missin' you

Ooh-ooh-ooh, I'm

I miss that feelin' you would bring

I miss the way that you would make my sidekick bling and bling

I look at my fingers and think about rings

Yeah, we had a good thing  
But now I'm off that Rie-, I'm off that Riesling  
Out in these streets, deleting what you mean to me  
Then you pop back, back in my mind

I go back in time  
It was the perfect night  
Kissin' you  
Was rainin' purple skies  
In my room, me and you  
Baby, ooh-ooh-ooh, I'm missin' you  
Ooh-ooh-ooh, I'm missin' you

Ooh-ooh-ooh, I'm  
(Let's go back to, back to)  
(Let's go back to, back to, doo-doo-doo)  
(Let's go back to, back to)

It was the perfect night  
Ooh-ooh-ooh, yeah  
Oh, oh, oh  
That night (kissin' you)

Oh, I'm missin' you, oh (was rainin' purple skies)  
(In my room) me and you  
(Let's go back to, back to)  
Ooh-ooh-ooh, I'm missin' you

(Let's go back to, back to)

Ooh-ooh-ooh, I'm

I'm missin' you
