"Can't Help but Wait"

I can't help but wait

I can't help but wait

Check it out

I see you, you with him

He ain't right, but you don't trip

You stand by, while he lies

Then turn right round and forgive

I can't take, to see your face

With those tears running down your cheeks

But what can I do?

I gotta stay true, 'cause deep down I'm still a G

And I don't wanna go, don't need to stay

But I really need to get it together

I can't help but wait

I can't help but wait, I don't wanna go

But it's time for me to leave, girl, you know I gotta go

I can't help but wait

I can't help but wait, check it out

If I was in his position

I'd feel like a shit head

Feeling all low

Being misled

Girl, you got me thinking 'bout all the things that I would do

To that body (body, body, oh)

Baby, I don't wanna go, but you know I gotta go

'Cause we been through so many obstacles

And I love you, love you, baby

And I don't wanna go, don't need to stay

But I really need to get it together

I can't help but wait

I can't help but wait, I don't wanna go

But it's time for me to leave, girl, you know I gotta go

I can't help but wait

I can't help but wait, check it out

Girl, I don't wanna go
Don't need to stay, but I really need to get it together
Baby, it's driving me crazy
Can't help but wait
Oh, can't help but wait, oh

I can't help but wait, no
I don't wanna go, don't need to stay
But I really need to get it together
I can't help but wait
I can't help but wait, I don't wanna go
But it's time for me to leave, girl, you know I gotta go
I can't help but wait
I can't help but wait, oh

I can't help but wait
I can't help but wait
