## "Early Grave"

I've been out for so long, the days slipped by again  
And I can't sleep since I stopped caring  
I can't sleep since I stopped caring  
I'll stay out until my lungs bleed  
And I can't tell daylight from streetlights any-fucking-more  
As he cast his shadow  
I've seen this road a thousand times and I  
I can't look back  
I've seen this road a thousand times and I can't  
I'm not looking back  
This is so unfamiliar: death is no man's friend  
Yet I'll stay here until I hear him roar  
Death is screaming my name  
Yet I refuse to listen to him  
I refuse to listen to him  
I refuse, I refuse, I refuse to listen  
I'll stay out until my lungs bleed

And I can't tell daylight from streetlights any-fucking-more

As he cast his shadow

I've seen this road a thousand times and I

I can't look back

I've seen this road a thousand times and I can't

I'm not looking back

I can't sit here forever

Watch me rise again

Watch me rise back up

Forever would just be so easy to fall into

Forever would just be so easy to fall into

Yet I'll stay out until my lungs bleed

Forever is the easy option but I won't take it

I won't take it, no

The choices I've made will lead me to an early fucking grave

Death is screaming

Death is screaming

Death is screaming my fucking name
