"Everyone Nose (All the Girls Standing in the Line for the Bathroom)"

All the girls standing in the line for the bathroom!

All the girls standing in the line for the bathroom!

All the girls standing in the (all the girls standing in the)

All the girls standing in the line for the bathroom!

You and your girls are goin' out tonight

Y'all been plannin' this all week right?

You got somethin' boys can't deny

(here's a hint)

It's like apple pie

Cut ya open and your just white

You ain't tired

You wanna cause a riot

Who could say no to you?

Wait till they get a lode of you

A hundred dollar bills look (at you, at you)

A hundred dollar bills look (at you, at you)

A hundred dollar bills look (at you, at you)

A hundred dollar bills look (at you, at you)

(because)

All the girls standing in the line for the bathroom!

All the girls standing in the line for the bathroom!

All the girls standing in the (all the girls standing in the)

All the girls standing in the line for the bathroom!

Superstar, ask you what you had

Bartender give you drinks, you just laugh

(He talkin' bout a autograph!)

You just wanna dance in your wreck-less path

Close your eyes, see colorful things you wanna

Let go, feel wonderful things, just a bit more

Just to get in the lane

So we can answer the brain

You're conflicted with pain

A hundred dollar bills look (at you, at you)

A hundred dollar bills look (at you, at you)

A hundred dollar bills look (at you, at you)

A hundred dollar bills look (at you, at you)

(because)

All the girls standing in the line for the bathroom!

All the girls standing in the line for the bathroom!

All the girls standing in the (all the girls standing in the)

All the girls standing in the line for the bathroom!

Baby

You partied all night in 6th gear

Just so you know

(At you!)

Their chase scene

Is blowin' over here

Don't worry

(At you!)

I won't blow your high

Talkin' 'bout your life

And how we've been so wrong

(At you!)

Just know if you go outside

And see the sun rises

All the stars are gone

Tell your friends

They can go

You're okay

You're just chillin' with me

(At you!)

Here's a towel

Wipe your face

Cool down

Have a drink it's on me

Here's a towel

(Here's a towel)

Wipe your face

(Wipe your face)

Cool down

(Cool down)

Have a drink it's on me

Here's a towel

(Here's a towel)

Wipe your face

(Wipe your face)

Cool down

(Cool down)

But you would rather party 'cause

All the girls standing in the line for the bathroom!

All the girls standing in the line for the bathroom!

All the girls standing in the (all the girls standing in the)

All the girls standing in the line for the bathroom!

All the girls standing in the line for the bathroom!

All the girls standing in the line for the bathroom!

All the girls standing in the (all the girls standing in the)

All the girls standing in the line for the bathroom
