"Forsaker"

Rage from a distant

The name unfamiliar

Spikes reach the heart

Time set for rewind

The dark will rise

Abandon your freedom

Give up the right to find the true self

Forsake your own reasons

Forsaker

Forsaker

Hand of a leader

Bleached by snowfall

Position is a drug

The great end is sweeping in

The dark will rise
Abandon your freedom
Give up the right to find the true self
Forsake your own reasons

Forsaker

Forsaker

Forsaker
