"Love in this Club"

Yeah, yeah

Yeah, yeah

Soundz, I hear you, man

Usher

Yeah, this it right here

Queen B, yeah

I'm the king, y'all know that (Usher, baby)

She the queen, came right back (listen to me)

Yeah, yeah

Oh, remix

Now, baby girl, there ain't nothing more that I can say

You know by now, I want it more than anything

If I walk away and just let you leave

You'll be stuck in my head like a melody

I know you want it (yeah)

But I'm hesitating (why)
You must be crazy, I got a man, you got a lady
I know we here together
So this must be something special
'Cause you could be anywhere you wanted

But you decided to be here with me
No coincidence, it was meant to be
Don't be shy, come let your boy get in
So you can tell all of your friends
You was on the remix, like

In this club, in this club
Ladies, can I put this love up in you one time?
If you ain't scared, say what's up

In this club, in this club
They can keep watching, I ain't stopping, baby, I don't give up

In this club, in this club
Ladies, can I put this love up on you one time?
If you ain't scared, say what's up

In this club, in this club
They can keep watching, baby, I don't give up

In this club

Baby, you know I'd be down
But we can't have all these people staring standing around
This right here is only for your eyes to see
But you getting carried away
Saying we can (do it where ever)

The way you touching me
Like no other (I'ma make you feel insane)
You trying your hardest to make me give in
But I'ma be down to give you what you wanting if you keep it up

I strongly doubt this velvet rope hold me up
And I don't want security rolling up on us (I got you)
I'm not hesitating, I just don't wanna rush
You could be anywhere you wanted

But you decided to be here with me
No coincidence, it was meant to be
Promise if I mess around and let you get in
You gon' tell all of your friends
You was on this remix like

In this club, in this club

Ladies, can I put this love up in you one time?

If you ain't scared, say what's up

In this club, in this club

They can keep watching, I ain't stopping, baby, I don't give up

In this club, in this club

Ladies, can I put this love up on you one time?

If you ain't scared, say what's up

In this club, in this club

They can keep watching, baby, I don't give up

In this club

Ahem, shawty want a thug

It started with a hug

And her rest went like this

I gave her neck a kissy-kiss

She gave my neck a kiss back

I said, we could do it like a stack

I mean, we could do it like a G

On the couch in V.I.P

Shawty we just get it on

I'm like, shout out to the DJ for playing this song

Girl, we can act like two damn fools
Have everybody think we doing a dance move

Call me, so I can make it juicy for ya
Meet me in the bathroom and you can be my secret lover, girl

And it started with a hug
But now we making love in this club
And we're not gonna stop just because
The people in the club are watchin' us
'Cause we don't give a damn what they say
And this is the, the remix, baby

Come a little closer, let daddy put it on ya
Need you to know what happens here, stays here
Well, I'm ready and willing, mama's got to go
Got you standing at attention, keep it on the low
Ain't nobody watching, don't worry, they can't see us

I know I got you hot, now let me in
You in the club or the car, wherever you are
Run and tell the DJ, run it back on replay

In this club, in this club
Ladies, can I put this love up in you one time?

If you ain't scared, say what's up

In this club, in this club

They can keep watching, I ain't stopping, baby, I don't give up

Now, run and tell all of your friends

You gotta hear this remix, like

King and queen, y'all know

Yeah, man

If we make love in this club

In this club, in this club

Nobody will know, baby
